## Three Are Named By Radel to City Positions Today

Mayor-elect Edwin Radel today announced three more appointments to city posts for start of his administration Jan. 1.

They are: Orrie R. Riehl, 176 O'Neil Street, city treasurer; Sam N. Mann, 79 Washington Avenue, assessor, and William A. Kelly, 165 Pearl Street, corporation counsel.

### In County 51 Years

Mr. Riehl, a native of Trenton, N. J., has been an Ulster County resident 51 years, and was employed at the F. B. Matthews Co., Inc., for 35 years. A veteran of World War I, he was employed after leaving the service as a chief clerk, Ordnance Field Service, U. S. Government. He is now manager of the H. C. Smith Co., Catskill. He is a member of American Legion Post 150, and president of the Kingston Men's Democratic Club.

City government is not new to Mayor-elect Radel's appointee to the city assessor's post. Mr. Mann served three terms in the Common Council and was deputy city clerk during the administration of Mayor Eugene B. Carey.

### Served for HOLC

A real estate man for more than 30 years, he also served as an appraiser for the Home Owners Loan Corporation for two years throughout Ulster County in 1933 and '34.

When the Works Progress Administration was created under President Franklin D. Roosevelt, Mr. Mann served as food administrator for the City of Kingston. He was appointed to the post by Mayor Conrad J. Heiselman, a Republican.

### Alderman Three Terms

Mr. Mann, who was born on lower Broadway, was elected to represent the Sixth ward in the Common Council as its alderman in 1925, and was re-elected in '27 and '29.

His brother, Ralph Mann, in Florida for the winter also served in the council, having represented both the Sixth and Seventh wards at different times.

The new assessor was deputy city clerk in 1932 and '33.

Mr. Mann is a past president of Temple Emanuel synagogue on Abel Street, and a past commander of Kingston Post 150, American Legion.

## President, Dulles Give TV Report Tonight on NATO

WASHINGTON (AP)—President Eisenhower and Secretary of State Dulles make a radio-television report to the nation tonight on the NATO conference last week in Paris.

The conference, seeking unity among the North Atlantic treaty countries in the face of Russia's missile developments, adopted a two-way approach. The NATO chiefs of state approved the U.S. idea of basing intermediate range missiles in Europe and at the same time called for further disarmament negotiations with the Russians.

Russia already has indicated it is not interested in a NATO-proposed meeting of foreign ministers to discuss disarmament. Soviet leaders called instead for a special United Nations session, or some other full scale international conference.

The Eisenhower-Dulles broadcast will be carried "live" at 8:30 p.m. by CBS-TV and all four major radio networks. ABC-TV will carry the program on film at 10:30 p.m., and NBC will show it at 11:30 p.m.

Eisenhower's business schedule for today included a 10:30 a.m. meeting with the National Security Council, at which some aspects of the NATO meeting undoubtedly were scheduled for discussion.

There were no White House callers listed for the afternoon—apparently to give Eisenhower time to complete work on the broadcast.

### Post Office Hours

Lobbies of the uptown and downtown post offices will close Tuesday at 5 p.m., and the one at the central post office at 7 p.m. It was announced today by Postmaster Oscar V. Newkirk. Windows at all of the offices will close at 12 noon tomorrow.

## Holidays Bring Lull in City Probe

A holiday lull settled over the investigation of the local police department today as the staff of State Investigations Commissioner Arthur L. Reuter prepared to recess the probe today until after Christmas.

Benjamin F. Nolan, counsel to Commissioner Reuter, said "we're just clearing up some loose ends today and preparing to leave for New York City this afternoon."

He said there might possibly be one interview scheduled today, but "I'm not sure."

Nolan indicated that the staff probably would not return here until next week. He said there might be a change in that schedule, but he "doubted it."

"But we do have every intention of continuing the investigation," he added.

## Vandals, Thieves Busy Here Yule Decorations Are Being Stolen

Two burglaries, a wave of thefts and vandalism involving Christmas decorations, were reported to the police over the weekend, and they were also notified of recovery of hub caps stolen from cars in the downtown area last week.

Morris Stone, grocer of 105 Abel Street, said two boxes and several packages of cigars were taken from his store, and Rudolph Kubicek, reported two dozen rubber heels taken from his shoe repair shop at 10 Downs Street.

### Place Ransacked

Both places were entered through rear doors. A door glass was broken in the shoe shop and a panel was smashed in the door at the Abel Street store. Drawers were reported ransacked in the shoe shop.

Christmas tree lights and decorations were reported taken from trees in front of the city hall, others were damaged in Academy Green Park, and some were taken from several homes in various sections of the city.

### Continues to Today

Reports of the thefts and vandalism began at 5:50 p.m. Saturday, and continued until this morning.

The first report said lights had been taken from a tree on Pine Grove Avenue. Later Saturday lights were reported taken from the Fred Sharp property 245 Pearl Street. A short time later, lights and pieces of cedar were reported found on the steps of The First Church of Christ Scientists, 161 Fair Street.

Lights were taken from a front door at 149 Fair Street, from 34 Pine Street, from 284 Washington Ave., 156 Pearl Street and 28 Franklin Street.

### Street Lights Broken

Street lights were reported broken at Mountain View Avenue and Pearl Street, and at 9:56 p.m., Sunday, Fred Stratton, of 84 Lincoln Street, reported that BB shots had been fired at four windows at the rear of his house.

John Norton, of 125 Hunter Street, reported at 7:34 a.m., today that a Christmas tree had been stolen from under a side porch.

Officer Gurnsey Burger Sr., and John Frisch, riding past the city hall at 9:36 p.m. Saturday, noticed that bulbs were out on the trees in front of the building, and investigation revealed they had been taken.

### Hub Caps Found

Police were notified at 3:55 p.m., Saturday that eight of the many hub caps reported stolen last week in the West Chestnut Street area, along with more than 20 packs of cigarettes and a lug wrench were found by some boys in the coach (Continued on Page 6, Col. 8)

## Stang Budget Shows \$1.56 Tax Rate Cut

A tax rate cut of \$1.56 under the 1957 rate was anticipated today by Mayor Frederick H. Stang who said he plans to have all figures completed by tomorrow.

The 1958 rate is expected to be \$53.56 as tentatively presented. The 1957 rate was \$55.12, and that in 1956 was \$62.68.

### Copies Thursday

Copies of the budget are due to be made available to the public Thursday and a public hearing will be held in the Common Council Chamber, city hall, Monday, Dec. 30 at 7:30 p.m.

An increase in assessed valuation of \$694,000 and a bonded debt retirement sum of \$119,000 under the 1957 budget are noted in the new budget. A surplus of \$34,000 for the year, rather than a deficit, is also shown.

The increase in assessed valuation was made possible through the reassessment program, which was effective last year.

### Pay Increases

The budget provides for salary increases to \$5,000 for eligible men in the police and fire departments, and a pay boost of \$100 across the board for other city employees. A few isolated individual salary increases are also listed.

Increases for firemen and policemen come as the third stage of a three-phase pay boost measure authorized two years ago.

## NATO Military Circles Request Missile Bases

PARIS (AP)—Gen. Lauris Norstad, supreme allied commander in Europe, said today NATO military circles want intermediate range ballistic missiles based on both land and sea.

He told a news conference the seaborne launching sites could take the form of submarines, surface vessels or even floating platforms.

## Two Are Reported Fair Following Weekend Mishaps

Two persons injured in weekend accidents reported by Kingston state police were described in "fair" condition today at Benedictine Hospital.

Injured were Mrs. Katherine Mary Werber, 44, of RD 4, Box 244, Kingston, and Philip Espenschied, 61, of Route 4, Box 412, Kingston.

Trooper George E. Gaine, of the Kingston barracks, reported that Mrs. Werber suffered a possible broken nose, injury to her ribs and spine, when her 1953 sedan was involved in a crash on the Binnewater Road near Williams Lake early Sunday morning.

### Awaiting Interview

Details of the accident were not available until he had an opportunity to question Mrs. Werber, the trooper said.

Mrs. Werber was removed to Benedictine Hospital by Schutz ambulance service. Her condition today was listed as "fair."

Espenschied was injured late (Continued on Page 2, Col. 5)

## 100th Birthday Brings Messages from President, Pope and Bishop Rummel

A congratulatory card from President Dwight D. Eisenhower, the Apostolic Blessing from the Holy Father in Rome, Italy, and a telegram from Cardinal Francis Spellman, were among the many best wishes conferred upon Mrs. Genevieve Zeeh of 35 Orchard Street who is celebrating her 100th birthday today.

Archbishop Joseph Rummel, a former pastor of St. Peter's Church, where Mrs. Zeeh is a parishioner, also sent a telegram.

Mrs. Zeeh, who was born in Kingston on December 23, 1857, was married to Peter P. Zeeh on November 24, 1881 at St. Peter's Church.

Mr. Zeeh established Zeeh's Bottling Works in 1883, a company which is still owned and operated by members of the family at 47 West Union Street.

A life-time member of St. Peter's Church, Mrs. Zeeh, the former Genevieve Spatz, in her younger years was active in all church and civic functions. She was a member of St. Peter's Mothers Society for many years.

Since Mr. Zeeh's death at the age of 92 on June 7, 1948, Mrs. Zeeh has been residing with her daughter, Mrs. A. Margaret Kearney, 35 Orchard Street.

Mrs. Zeeh also has two sons, John and Joseph, residents of Kingston, eight grandchildren and 15 great-grandchildren.

In her 100 years, Mrs. Zeeh has enjoyed good health with

only minor illnesses and has never been in a hospital.

This charming 100-year-old lady still crochets as a hobby and reads The Freeman daily.

## Pope Sees Arms Race Endangering All World

VATICAN CITY (AP)—Pope Pius XII called on mankind yesterday to halt the arms race lest it lead to disaster and endanger the fate of "the earth itself." He implied that he endorses the west's proposals for controlled disarmament.

### 19th Annual Message

In his 19th annual Christmas message to the world, the 81-year-old Pontiff counseled Christians not to fear Russia's current triumphs in the Sputnik field.

Such records, the leader of the Roman Catholic Church declared, were "often of very short duration."

The Pontiff's speech, beamed to a host of nations by the Vatican's powerful new radio transmitter, was believed to be the most widely broadcast message in history.

### Affirms Right of Defense

AS he did last Christmas, the Pope affirmed man's right for self-defense, but he called on the governments of the world not to be misled by pride in a race for arms supremacy.

The cost of an arms race is ruinous, he warned.

"Such quantities of material, such sums of money driven from savings and the result of restrictions and toil," he said, "such expenditures of human labor taken away from urgent need, are consumed to prepare these new arms."

"Even the wealthiest nations," (Continued on Page 6, Col. 5)

## Craft Appointed To City Planning Board by Mayor

Mayor Frederick H. Stang today announced appointment of Raymond E. Craft, of 22 Washington Avenue, local realtor, as a member of the Kingston Planning Board to succeed Lawrence J. MacAvery, of 52 Linderman Avenue, who recently resigned.

The mayor also announced that he had named John A. McCullough, of 98 Spring Street, as president of the board to succeed MacAvery.

Craft is due to serve on the board until Feb. 5, 1959, when MacAvery's unexpired term would have ended. McCullough has served on the board for some time.

Mr. Craft, for many years, was a prominent merchant in the grocery and appliance businesses. He has been engaged in the real estate business for the past several years and is now a member of the firm of Craft-Catani, Associate Realtors, 42 Main Street.

Mr. McCullough, an architect, is associated with Harry Halverson and John J. O'Connor. All are members of the American Institute of Architects, with offices at 280 Wall Street.

## McElroy May Become Asset In Softening Missile Rift

WASHINGTON (AP)—Secretary of Defense McElroy may become the Eisenhower administration's chief asset toward softening sharp criticism from congressional Democrats on the progress of the missile and satellite programs.

McElroy, two months in the cabinet, has shown some signs of becoming the take-charge sort of official many Democrats have said is needed to crack the bottlenecks they contend have let Russia take the lead in rocketry.

Whether Congress tires its hand at shaking up the Defense Department—possibly through estab-

lishment of a separate agency to develop missiles and satellites—seems likely to depend largely on McElroy's performance in the next few weeks.

Senate Democratic leader Lyndon B. Johnson of Texas had made it clear the prime objective of an investigation of the missile program by the Senate preparedness subcommittee he heads is to push the administration into full-blast action on space weapons.

Johnson has indicated he doesn't care particularly who does the job or how it is done, just so missiles are produced in quantity.

McElroy evidently made a good first impression on subcommittee members when he announced he had lifted overtime restrictions and restored some funds to the missile program.

Several members said they liked McElroy's action in order. (Continued on Page 6, Col. 5)

## Stores Are Open Until 9 Tonight

Stores in the three business sectors of the city will remain open until 9 o'clock tonight for the convenience of Christmas shoppers.

In the uptown and central business sections, stores will close at 5 p.m. on Tuesday. The 9 o'clock closing hour will be observed on Tuesday, Christmas Eve, in the downtown section, a custom that has been observed in past years.

## Good Weather Brings Out Many Christmas Shoppers

Unseasonable weather greeted last-minute Christmas shoppers who thronged uptown stores today, and while the weatherman gave no indication it would be a "white" holiday, residents in many areas of the county were happy it was not to be a water-soaked one.

The Ulster County sheriff's department reported today that stores closed temporarily Friday night and early Saturday were open again and flood-threatened areas were back to normal.

Sheriff Claude Bell reported that high water had receded after threatening to repeat the heavy damage done in 1955.

Sheriff Bell, Undersheriff Clayton Vredenburg, County Investigator Arthur H. Brown, County Identification Officer Earl Conroy and members of the sheriff's staff made a weekend tour of areas threatened by high water.

The sheriff said he was accompanied by Assemblyman Kenneth L. Wilson, of Woodstock,

## Four in for Murder Among Six Eligible for Harriman Parole

Albany (AP)—Six convicts, including four convicted of murder, are eligible for immediate parole—a traditional Christmas gift from the governor.

One of them is a former detective who killed an Albany police chief.

Gov. Harriman yesterday commuted the sentences of the convicts. Besides the former detective, they are two men convicted in the slayings of policemen during holdups, another holdup-slayer and two women, one convicted of assault and the other of robbery.

The three involved in holdup-slayings originally had been sentenced to death but later won commutation to life imprisonment.

Harriman said the State Parole Board had recommended the six for the Christmas gift of possible freedom. They are: John W. McElveney, 59, of Albany; Richard Delany, 44, Joseph Jerossi, 44, and Miguel Rugama, 54, all of Manhattan; Marie Davis of The Bronx and Nellie Wheeler, 45, of Brooklyn. McElveney pleaded guilty Jan. 28, 1946, to second-degree murder in the shooting of Police Chief William J. Fitzpatrick during an argument the previous year in the chief's office.

He was sentenced to serve from 20 years to life in prison and under normal procedure would have been eligible for parole next September.

Harriman said McElveney underwent an operation for throat cancer four years ago and had lost his voice.

McElveney had been a member of the police force for 21 years and a long-time friend of the chief.

Delany and Jerossi were convicted of first-degree murder and (Continued on Page 6, Col. 3)

### Patricia Loses

### Race With Death

**GEORGETOWN, Ohio** — Patricia Ann Kable, 19, lost a race with death, and all because she wanted to be home for Christmas.

Patricia, a polio victim, left her iron lung in Cincinnati's General Hospital three weeks ago to return to her farm home at nearby Fayetteville, 35 miles away. Doctors had said it would be safe for her to stay for the holidays.

Early yesterday she had trouble breathing. Her father, Durward Kable, began driving her back to the hospital.

She was 12 miles away from the life-sustaining iron lung when death came.

Surviving are his wife, the former Gertrude Welanetz; a son, Kurt; two daughters, Miss Anne Christine and Miss Isabel Heiselman, all of Walton and his brother of Oakland Park, Fort Lauderdale, Fla.

Funeral services will be held at Walton Thursday and at A. Carr and Son Funeral Home, 1 Pearl Street Friday at 2 p. m. Burial will be in Montrose Cemetery.

### To Be Ambassador

**DAMASCUS, Syria** — Charles W. Yost, 50-year-old career diplomat and former ambassador to Laos, reportedly will be the new U. S. ambassador to Syria.

Reliable sources said the Syrian government had approved Yost's nomination. Diplomatic sources in Washington reported last week that President Eisenhower had chosen an envoy, whose identity was not revealed then, and the Syrians had accepted him.

The new ambassador will succeed James S. Moore Jr.

### To Brief Physicians

**ALBUQUERQUE, N. M.** — The military today disclosed plans for a secret symposium to bring top military and civilian medical leaders up to date on use and effects of high-level weapons.

The five-day high-level conference to start Jan. 6 was announced by Maj. Gen. Louis T. Heath, commander of the field command of the armed forces special weapons project. The meeting will be held at Sandia Base here.

### Dag Visits Troops

**GAZA** — U. N. Secretary General Dag Hammarskjold arrived here today for a Christmas visit to U. N. Emergency Force troops along the Egyptian-Israeli frontier.

Hammarskjold was accompanied aboard the U. N. special plane by UNEF commander, Lt. Gen. E. L. M. Burns. They set out at once on a tour of U. N. military contingents.

### Ingrid Is Home

**ROME** — Ingrid Bergman flew home from London today in time to decorate a six-foot Christmas tree for her three children.

From whom Miss Bergman legally separated Nov. 7, was reported in Paris. Friends said it was not at all certain he would return for Christmas as was expected.

### Two More Microphones

**NEW YORK** — Testimony in a legislative committee hearing has disclosed two more places where the city's Transit Authority had installed microphones to spy on the Motorists' Benevolent Assn.

The disclosures brought additional sharp comments from public officials to add to the uproar created last week when the Transit Authority conceded it had "bugged" two MBA headquarters.

### Shot With Own Gun

**SYRACUSE** — A man was shot with his own gun today in a holdup, but police said he escaped with \$13 from a service station.

David Cromie, the station attendant, told sheriff's deputies the bandit stuck a sawed-off shotgun in his back and demanded the receipts.

### Santa Claus Stolen

**NEW YORK** — Some Scrooge stole Santa Claus, but Christmas will go on as scheduled.

A thief broke into a display window of Flowerized Presentation, Inc., in The Bronx, yesterday and made off with a 70-pound electrically-operated model Santa valued at \$200.

### Robert Warren Married

**SACRAMENTO, Calif.** — Robert Warren, youngest son of Chief Justice Earl Warren, honeymooned in southern California today with his bride of two days, Carolyn June Macklin.

The couple, with their parents looking on, were married Saturday.

## Harriman Picks DA for Position Despite Criticism

**ALBANY** — Gov. Harriman today appointed to an anti-crime committee a district attorney recently criticized by Harriman's investigation commission in connection with the probe of a hanging.

Carleton J. King, Republican of Saratoga County, was one of four district attorneys Harriman named to a committee that is to advise him on how to combat gangdom.

### Three Others

The other three were Edward S. Silver of Kings County, president of the State District Attorneys Assn., Morris Marshall Cohn, district attorney - elect of Schenectady County, and Frank A. Gulotta of Nassau County. Silver and Cohn are Democrats. Gulotta is a Republican.

King, executive committee chairman of the District Attorneys Assn., was one of the officials involved in the investigation of a sex-slaying last July that at first was officially tabbed as an accidental hanging.

### Called Hoax

Acting investigation commissioner Arthur L. Reuter said Oct. 10 that he had gained a "total impression of official laxity" in the investigation of the hanging of 11-year-old Peter Curran.

Reuter said King had been at fault for "delay in calling in the state police." However, the commissioner said the district attorney cooperated with troopers when they did enter the case.

A month after the hanging, state police arrested a 23-year-old man. He has been sentenced to a prison term of 20 years to life.

Prosecutor Gulotta gained attention last month when he announced that known racketeers would be harassed by police until they left Nassau County.

At a conference last week of the governor and district attorneys in the state, Harriman appointed Frank S. Hogan, veteran district attorney of Manhattan, as chairman of the committee. Hogan is a Democrat.

Harriman said the committee would confer with and advise him "with respect to legislation involving the penal law and the criminal code especially as it relates to organized crime and racketeering."

Formation of the committee was an aftermath of the gangland convention held in Apalachin in November.

### Off Till Jan. 9

The legislative watchdog committee Saturday recessed its hearing until Jan. 9—the day after the Legislature convenes.

The committee has questioned 23 of the 36 New Yorkers who attended but has not found out what the conference was all about.

In a related development, Immigration Commissioner Joseph M. Swing said yesterday protracted court actions initiated by racketeers were being used to hold up deportation proceedings.

Swing said refusal of some foreign governments to furnish the aliens with necessary travel documents also was delaying deportations.

Swing made the remarks in a letter to Sen. Alexander Wiley (R-Wis.). Wiley has written Swing he was pleased that the commissioner had ordered a complete investigation of the 60 men who attended the Apalachin meeting.

Of those attending, Swing said, 18 were naturalized citizens now under investigation for possible revocations of their naturalization certificates; 8 were naturalized citizens not subject to revocation action and 3 were aliens now under investigation for possible deportation.

### Two Are Reported

Saturday afternoon when his 1951 pickup truck struck a tree headon in the village of Rosendale.

**Possible Skull Fracture**  
Troopers said Espenschied suffered fractured ribs, possible skull fracture, multiple lacerations of the scalp, and various contusions. He also was reported in "fair" condition at the hospital today.

He was treated at the scene by a physician and removed to the hospital by ambulance.

Troopers said Espenschied was headed east on Main Street, Rosendale, about 4 p. m., traveling around a left curve when he passed another vehicle in the face of oncoming traffic.

### Head-On Into Tree

Espenschied pulled to his right to avoid a collision, troopers said, sideswiped a utility pole and struck a tree headon.

Two other accidents were reported by the Ulster County sheriff's department over the weekend, but no injuries were listed.

## Kresge Employees, 20 Here, Share in Bonus

R. R. Mest, manager of the S. S. Kresge Co. store, 327 Wall Street, announced today that the firm reported from its main offices in Detroit, Mich., that cash "Christmas remembrances" will be distributed to approximately 45,000 employees through the country.

Approximately 20 men and women employees of the Kingston store will participate in the plan, Mest said.

### Marks 37th Year

This marks the 37th year that the Kresge Co. has paid cash remembrances to its employees at Christmas time, Mest said, and, this year, 620 stores, as well as the company's offices and warehouse, will participate.

The schedule, he said, covers both full and part-time employees working on Dec. 24 who were hired before Dec. 1, and is arranged on the basis of length of service with the company.

## Three Are Named

Stern, who was a downtown optometrist for many years, has been active in Democratic politics for a long time. The Manns have one daughter, Adele.

Attorney Kelly, who is county Democratic leader, was named by Gov. Harriman to succeed County Judge John M. Cashin when the latter was named a federal judge, Southern District of New York in 1955. Judge Kelly served the last four months of that year. He attended St. Joseph's School, and was graduated from Kingston High School in 1927. He is a graduate of Fordham University.

### Given Testimonial

In 1938, Attorney Kelly served as secretary to the late Chief Justice John T. Loughran, of the Court of Appeals, State of New York, when Judge Loughran was an associate justice. He has served as president of the Kingston Men's Democratic Club, and has been a Democratic candidate for both county judge and district attorney. Last year he was elected for his ninth term as president of Wiltyck Hose Company. In February, 1956, he and Judge Cashin were given a testimonial dinner by Kingston Council, 275, Knights of Columbus.

Born in New York, he came to Kingston in 1920. He has long been active in Democratic politics. He has served several years as chairman of Ulster County Chapter for the Infantile Paralysis fund. Some time ago he was named by Gov. Harriman as a member of the board of the Hudson River Regulating District. He is a member of the law firm of Napolitano, Kelly and Saccoman.

Mayor-elect Radel recently named Raymond A. McAndrew, 39 Grove Street as city clerk, and Francis R. Koenig, 116 Andrew Street, as the mayor's secretary. One appointment, that of special city judge is still to be made.

### Reports Hit and Run

Louis J. Tiano, 53, of RD 1, Box 300, East Kingston, notified police at 1:50 p. m. Sunday that his car was struck by a hit-and-run car at Wurts and McEntee streets. He and another driver, Tiano said, attempted to catch the offending car, but it evaded them in traffic. Tiano was headed south on McEntee Street when the other vehicle came fast around the turn and forced the Tiano car to the right and went on, the report said.

### Whitney Point Man Dies From Gunshot

**JOHNSON CITY** — Leonard Kolakowski, 18, of Whitney Point, died early today in a hospital here of a gunshot wound suffered in a hunting accident Nov. 25.

Kolakowski, a freshman at the Broome County Technical Community College, had been in critical condition since he was hit by a deer slug from a shotgun near his farm home at Whitney Point.

Authorities said the shot was fired by Charles

**Marriage No School Ban**

SANTA FE, N. M. (AP)—The state attorney general's office says public school students in New Mexico cannot be expelled because they marry. The opinion, by Asst. Atty. Gen. Robert Pyatt, said exclusion of married students from public schools could not be read into New Mexico's constitutional provisions on schooling. Educators have said more and more high school students are marrying while still in school.

**Conflict of Interest**

BY WALT SCOTT

**Trying Christmas For Eisenhower**

By JAMES MARLOW

AP News Analyst

WASHINGTON (AP)—For President Eisenhower this can hardly be a merry Christmas. He finds his leadership more seriously questioned than at any time in his life. And not just because of his health. When he took office in 1953 this country was ahead of the Russians militarily. It is not now, at least in missiles. While he, the military leader, saved on expenses, the Russians soared ahead militarily.

Now Eisenhower must decide how to catch up. Out of this bloom other problems, crying for solution, here and elsewhere: money, taxes, foreign policy, dealing with Congress, domestic programs.

He must boost military spending. Yet, in doing so, he faces the twin tasks of stopping inflation and fighting off a growing economic downturn. Living costs have been rising almost continuously, now unemployment is adding to the problem.

Eisenhower would like to cut taxes. It would crown his efforts to balance the budget. It would be good politically, since 1958 is a congressional election year. With defense costs going up, tax cuts seem impossible.

And there are the problems of foreign policy. For instance: the Middle East. When he first took office, the Russians were frozen out of there. They have a strong foot-

hold now. He has not yet found a way to pry them out.

Even how to deal with the Russians is different from when he took office in 1953. Then Russia was behind militarily. This country could negotiate from strength. Even then the Russians made no concessions.

Now they can negotiate from strength. Concessions from them seem less likely than ever. But, as the Allies showed in Paris last week, they want peaceful settlements with the Kremlin, or a truce at them.

Even dealing with Congress will probably be tougher in 1958. In Eisenhower's first few White House years the Democrats not only were not critical of the President, but seemed in awe of him.

In fact, his own party gave him more trouble in those days. Now the Democrats are openly critical and may try to do the leading if he falters.

**Today's Business Mirror**

By SAM DAWSON

NEW YORK (AP)—The last of some 2½ billion Christmas cards are dropping into the mail boxes today. Thousands of kilowatts are ready to course through some 110 million dollars worth of new decorative lighting. Late greetings are speeding by wire and also late orders for millions of dollars worth of flowers and candy.

Christmas catalogues, more colorful and numerous this year, have been thumbed—and soon will become books for reference on prices and for possible gift exchanges.

Merchants big and small have gone all out to offer gifts from the simple to the unusual, from the inexpensive to the lavish.

If your holiday isn't merry, don't blame it on businessmen. They tried.

**Increased Sales**

Increased sales this year are claimed by the greeting card, decorative lighting, florist and candy industries. The final tally today and tomorrow will show if total retail store sales push above last season's record dollar volume. The two years are running neck and neck in the stretch.

Christmas spirit this year appears to have risen above talk of recession. Stephen Q. Shannon, executive director of the Greeting Card Assn., estimates that 200 million more Christmas cards, made by some 300 manufacturers, are being sent this year than last. Since sales are averaging around 11 cents a card, total retail dollar volume on the nearly 2½ billion total of cards will come to 260 million dollars, compared with 245 million dollars in 1956. An extra 70 million dollars will be spent in mailing them.

**Sales Ahead**

Makers of decorative lighting say sales are 10 per cent ahead this year and should come to 110 million dollars.

A 12 per cent increase in ordering flowers by wire is estimated by John Bodette, general manager of the Florists' Telegraph Delivery Assn.

Many retail stores and mail order houses increased their catalogues this season, both in size and circulation. Luxury items were featured in most stores.

**350 Men Idled Today****As Ore Operation Stops**

LYON MOUNTAIN (AP)—The Republic Steel Corp. was to close down its iron ore operation here today, idling 350 men.

District Manager Walter Crusberg announced the shutdown Saturday. The plant in this Clinton County community has been operating on a curtailed basis for two months.

Crusberg said that inventories of the high-grade pig iron produced here were overstocked and that there was no market for the product.

A three-day work week has

been in effect for two weeks at the Republic plant in Port Henry. At Mineville, one mine was shut down two months ago and 130 men laid off.

### ONE MORE GIFT

There are those who know, perhaps weeks in advance, that their Christmas shopping is finished and they have forgotten no one. And then there are others who, even as the Yuletide rushes to its climax, anxiously take mental inventory to make sure that they have remembered all their close friends and relatives.

Both groups, the serene ones and the anxious ones, might do well to think now whether they have not indeed forgotten someone. That someone will be unknown to them, a child, perhaps, or a friendless old person in a rest home. An anonymous gift to such as these will bring pleasure and warmth of spirit to both giver and recipient.

It is a small thing but richly satisfying, to make one final purchase and wrap one final gift for that unknown person. It is a thing done with love, in the name of Him whose birth we celebrate on Christmas day.

America is not the only country experiencing educational difficulties. In Italy, a pupil not partial to mathematics fired pistol shots at a diagram teacher was drawing on the blackboard.

### ULTIMATE PLUS ONE

Someone is forever talking wisely about the so-called ultimate weapon. At this moment in history, the favorite ultimate weapon seems to be the intercontinental ballistic missile. This hellish device, we are told, could span an ocean in half an hour or so and burst with a fury beyond Dante's wildest imaginings.

Before the ICBM, the plane-delivered hydrogen bomb was the ultimate; before that, the atomic bomb; before that, the block-buster. The people who talk most about ultimate weapons don't often remember that. Nor does it occur to them that, at one stage in history, the club was the ultimate weapon.

There is, in short, no such thing as an ultimate when it comes to the terrible art of destruction. This has been underscored once again by the findings—thus far hinted, but soon to be reported more formally—of the government's advisory committee on weather control. The committee is concerned because weather control may eventually become a weapon of awesome effectiveness.

An enemy might some day, for example, melt the polar ice cap and inundate vast areas. Scientists bent on evil might be able, at some future time, to change world rainfall patterns and thus bring drought in regions that normally have plenty of moisture.

These things are not mentioned to arouse fear. They are set forth as an illustration of an important fact for Americans to remember. The fact is this: No such thing as an ultimate weapon exists. There is always a weapon beyond it, perhaps even a more terrible one. We must keep alert and not put all of our military eggs into one basket.

Prince Charles proved well able to take care of himself in combat with a larger schoolmate, which seems to augur well for the British Empire's future.

### TESTS FOR ALL DRIVERS

Some authorities believe that almost one-fifth of the nation's 76-million auto drivers stand in need of basic training in this skill. Even if their estimate were a bit high, it would be fair to say that millions need such training.

A large share of the blame for this situation must go back to the fact that in most states those who were driving before a certain date have never been required to prove their ability to drive safely. About the only solution would be to make all drivers, regardless of when they began driving, prove that they have both the skill and knowledge of regulations to qualify them for a license.

Such a program might seem to work a hardship on many older drivers. But han-

### THE GATHERING OF THE CLAN

At the celebration of the 40th anniversary of Soviet Russia, not only was the Communist Party of Soviet Russia and its satellites present but also representatives from many other countries. Nikita Khrushchev extended "heartfelt greetings" to the comrades. I think that it might be interesting to note that each delegate rose, it is reported, that there was applause but that when the head of the Chinese Communist Party rose there was "loud and prolonged applause."

Representatives came from 61 countries and they stood by Khrushchev to a man, recognizing him as the top man of current Communism. It is important to note that they came from 61 countries; there are only 82 in the United Nations. Furthermore, among the 61 nations some are in NATO and some are regarded as our allies and the question is whether the Communist Party in these countries is powerful or a mere handful. The 36 who received special mention in order as Khrushchev read the list were:

Red China—Mao Tze-tung;  
Albania—Enver Hoxha;  
Bulgaria—Todor Zhivkov;  
Hungary—Janos Kadar;  
Vietnam—Ho Chin Minh;  
East Germany—Walter Ulbricht;  
North Korea—Kim Il Sung;  
Mongolia—Damba;  
Poland—Wladyslaw Gomulka;  
Rumania—Chivu Stoica;  
Czechoslovakia—Antonin Novotny;  
Yugoslavia—Eduard Kardelj, (Tito sick);  
France—Maurice Thorez;  
Italy—Palmiro Togliatti;  
Austria—Johann Koplenig;  
Great Britain—Harry Pollitt;  
West Germany—Max Reimann;  
Spain—Dolores Ibaruri;  
India—Ajoy Ghosh;  
Indonesia—Sudisman;  
Japan—Yoshio Shiga;  
Canada—Tim Buk;  
Finland—Ville Pessi;  
Argentina—Victorio Codovilla;  
Mexico—Dionisio Encina;  
Sweden—Hilding Hagberg;  
Norway—Emil Loevlien;  
Australia—Lawrence Sharkey;  
Switzerland—Edgar Woog;  
Luxembourg—Dominique Urbany;  
Iceland—Einar Olgeirsson;  
Israel—Shmuel Mikunis;  
Uruguay—Rodney Arismendi;  
Morocco—Ali Yata;  
Tunisia—Mohammed el Hamel;  
Ecuador—Pedro Saad.

These party officials, some of them government officials and some of them contrary to large areas of the Earth's surface, are banded together for the control of the world. In Khrushchev's speech, these delegates were not called up in alphabetical order or in relationship to power. Yet there was obviously a pattern in both the method of calling them to rise for a bow and their importance in the Communist hierarchy.

There was no delegate from the United States but it is significant that there was a delegation from Israel which Soviet Russia seeks to destroy, but none from any Asiatic Arab country, not even Syria, with which Soviet Russia is allied. It was at this meeting that Mao Tze-tung instructed the Communist world that the center of all power is in the Kremlin. Thus, Mao fully supported Khrushchev and in effect gave warning that Red China would back Khrushchev against any opposition. This gives the current boss of the Kremlin a military ally of vast dimensions and power who possesses ample force, at not a too great distance in these days, to come to his ally's assistance.

**Nephritis Requires Careful Study of Body Chemistry**

By EDWIN P. JORDAN, M.D.  
Written for NEA Service

Nephritis, also called Bright's disease, can produce difficulty in children as well as in grown-ups. The disease can be acute or chronic and both the treatment and the outlook vary from one person to another.

A question on this subject comes from Mrs. S., who writes: "I have a boy who will be four in April. Our doctor says he has nephritis. The doctor also tells me that he has blood in the urine and the doctor believes the trouble comes from his tonsils. About six weeks ago my son's throat was swollen together and was full of yellow blisters. He was given penicillin and his urine cleared up, but I am told that the urine will have to be clear for at least three months before the tonsils can be taken out. Can you discuss this subject?"

THIS IS A fairly typical description of acute nephritis, probably coming from infection in the tonsils. It certainly sounds as though the tonsils should come out at the appropriate time.

In some acute cases there may be fever, puffiness under the eyes, swelling of the legs, headache, nose bleeds, loss of appetite and other symptoms, though blood in the urine is probably the most characteristic.

The treatment, of course, is to attack the source of infection, if it can be found, as promptly and thoroughly as circumstances permit.

In addition to acute nephritis, there is a chronic form of the disease in which the symptoms tend to be less severe. In such cases the accumulation of dropsical fluid, or edema, is typical, but there may not be much at first.

When severe, the swollen legs and discomfort in walking may be most unpleasant. There can be dropsical fluid inside the abdominal cavity and elsewhere and this is a poor sign.

CAREFUL STUDY by the physician of the urine, blood pressure, chemistry of the blood and physical condition is needed. If the nephritis is in the acute stage, bed rest is necessary. The diet has to be carefully adjusted to the ability of the kidneys to care for the food consumed.

The methods used to bring about the elimination of some of the excess fluids in chronic nephritis include drugs which are called diuretics and which stimulate temporarily the secretion of urine. Removal of accumulated fluids in the abdomen through a needle is sometimes necessary. The diet is important and has to be watched and adjusted with great care.

Improvements and changes in dietary management have been made in the last few years, but chronic nephritis, as well as the acute variety, is still serious. Also drug treatment has improved. Both cortisone and ACTH and their relatives are sometimes useful in treatment.

ding a car in traffic has become so demanding, and incompetent drivers are such a menace, that drastic measures may be the only answer.

The experts are now so confident of being able to send a rocket to the moon that only one question remains unanswered: Why send it?

Belief that Congress might as well cease trying to solve the problem of farm surpluses is said to be growing. What could be substituted as a campaign issue?

Any dreamer with his head in the clouds these days had better wake up and start dodging.

### WASHINGTON — (NEA) —

Two top-secret committees, containing some of the best scientific brains in the United States, are making separate studies of a project which will affect the security and pocketbooks of every American.

They seek to determine whether it is scientifically and economically feasible to try to build an antimissile missile as a defense against Russia's intercontinental and submarine-launched ballistic missiles.

One committee is studying a proposed Air Force system called the Wizard. The other group is evaluating an Army antimissile proposal called the Nike-Zeus.

Within the next few months Defense Secretary Neil McElroy, President Eisenhower and such top policy-making groups as the National Security Council will have to agree on one of the following decisions, based on the findings of these two committees:

Turn either the Air Force or Army loose to go ahead with its system.

Go ahead with a combination of the best elements of both systems.

Decide that it's too expensive and/or too difficult to warrant the six or seven billion dollars, and tremendous diversion of scientific talent for several years which the effort will entail.

IF SOME KIND of a go-ahead is ordered the project will be put under a single manager supported with top priorities for materials and manpower.

This report of the antimissile program comes from Gen. Austin W. Betts, assistant to William M. Holaday, director of the Department of Defense Office of

Guided Missiles. He and other experts cite some of the fantastic difficulties involved in this project.

For example, there is the likelihood that the Russians will use any one of a dozen means to try to foil an antimissile missile. One such technique would be to explode the third-stage rocket casing just after it is separated from the nose cone, or warhead.

This would create a cloud of radar reflecting metal particles many miles square which would follow the nose cone through its arc in space until just after the nose cone hit the atmosphere. The effect of this cloud of metal would be to divert an antimissile from the warhead.

It wouldn't take much of a blast to create this huge metal cloud because of the absence of air friction in space. The cloud would follow the nose cone for the same reason.

THERE ARE SCORES of highly effective electronic countermeasures which could be put into a warhead to divert an oncoming defensive missile. The whole electronic countermeasure business is a weird jungle of proven techniques and theories cloaked in great secrecy. Even if it were not, it would not be comprehensible to the average person.

But even disregarding the countermeasure business, the two feasibility committees have to wade through some complex problems before deciding whether the project is worth tackling. First they have to decide whether the rocket hardware and the electronic gear would be straight projections from known information, or whether new scientific breakthroughs would be needed.

Both the Air Force and Army are making secret presentations to the committees claiming that no more basic research is needed

to get a successful antimissile. But these are the claims the committee must evaluate.

It has been pointed out that even if an antimissile missile could be developed which is twice as effective as any previous antiaircraft weapon, it still wouldn't be worth making. The best antiaircraft weapons have proved only 20 per cent effective. And shooting down only 40 per cent of the intercontinental missiles fired at the United States would only be a token defense.

If 60 per cent of Russia's hydrogen ICBMs got through to U.S. cities, they would probably accomplish their mission.

### Questions -- Answers

Q—What type of animal is a humpback?

A—It is a whale. Whalers named it "humpback" because it arches its back when rolling over to dive.

Q—What are the most dangerous birds in the world?

A—Probably the cassowaries, large flightless birds of New Guinea. When cornered, they kick forward or sideways with lightning speed. They have a bill-tooth-like claw, long neck and a stiletto which are potent weapons.

Q—Who coined the word anasthesia?

A—Oliver Wendell Holmes, the American poet and physician.

Q—Which breed of dog has the oldest club in the world?

A—The Bulldog Club, founded in 1875, is the oldest specialist dog society in the world.

Q—Was General George S. Patton killed in action in World War II?

A—No, in December, 1945, he was injured in an automobile accident and died a few days later.

## Today in World Affairs

## Red 'Summit' Call Viewed As History's Biggest Hoax

By DAVID LAWRENCE

WASHINGTON, Dec. 23—The biggest hoax in history is the "summit conference" idea sponsored in world-wide propaganda by the Communist regime in Moscow.

Many gullible persons are being taken in by it—persons who do not know that any time the Soviet government wants to say anything confidentially or otherwise to any other government all it has to do is to call in an ambassador and he will quickly transmit the message to his own government.

Not only does the United States government maintain in Moscow and ambassador with a large staff of experienced aides and translators but the Soviet government maintains in Washington an ambassador also with a large staff. Diplomacy has certain rules—if either government wants to keep the conversation on a secret basis it is respected by both parties.

Furthermore, every other government of the free world also has an ambassador at Washington and the Soviet Union has an ambassador in each of the free countries.

### Ample Communication

There is, therefore, no lack of a means of communication by written message or personal contact.

But it is argued that a meeting "at the summit" is desirable because heads of a state can "talk things over." Presidents and prime ministers, however, must have at their elbows their foreign secretaries and experts who know more than the chiefs of government do about the tricks of negotiation. So the result is not an intimate consultation after all. The President of the United States, moreover, cannot in a conference with the head of a foreign government make an important commitment unless it has been carefully worked out in advance by the Secretary of State and his advisers.

What's more, no President can make a commitment for any new policy abroad without the main principles at least, he has consulted with the leaders of both parties in Congress. Only dictators can ignore their parliaments.

All this is well known in Moscow. When the Soviet government really wants to talk things over, it instructs to see the Secretary of State in person, which he can do almost at any time on short notice. Just a few weeks ago Foreign Secretary Andrei Gromyko, who was in this country for the United Nations meetings, came to Washington and spent several hours with Secretary of State Dulles at his home. For all practical purposes this was a kind of "summit conference." It covered a good deal of ground. Nothing

that was said by either official was subsequently made public. If the Soviet government wanted to reach some kind of agreement, this was the opportunity. If it still has something it wishes to sponsor and negotiate, it can always send its foreign minister to continue the conversations with Secretary Dulles. The Soviet ambassador, moreover, can have a personal conference with the President if he desires it.

### Ministers' Parley Proposed

What is more, the free nations are today willing to have a conference of foreign ministers. Indeed, at Paris, last week they voted for that very proposal. But the Moscow government promptly rejected it and called for a United Nations special conference on disarmament to be attended by the representatives of fifty-eight nations—as if anything can be done in their commencing. A conference of the major nations on disarmament was held in London earlier this year to negotiate privately but got nowhere because of the stubbornness of the Soviets.

Then why do the Communists keep on proposing a "summit conference?" It is one of their trump cards. They keep saying over and over again on the radio and in the press that it is the Soviet government that wants peace and that the West wants war. They think the world—especially the "neutralist" countries—will come eventually to believe these accusations.

### Calls for Bluntness

What can be done about it? The free governments can't let the issue rest with mere refusal to talk. Adlai Stevenson says "affirmative" attitudes must be taken toward the Bulgarian letters, for instance. He is right if by this is meant that no document or statement issued by the Soviets should go unanswered. It is time for the free governments to be blunt and outspoken in their communications about what is going on inside Russia and in the captive countries. Until people are free, the totalitarian governments represent the biggest threat of war.

There is no peace in the world today because the men in the Kremlin are irresponsible. They refuse to permit even their own people to be freed from the vigilant eyes of the police. The Cold War in the outside world will end only when the Cold War inside Soviet Russia is at an end. Then only can there be freedom for all the people. It's that kind of statement which the West should not miss a single opportunity to disseminate throughout the world even as the "summit conference" idea is debunked for what it really is—a propaganda trick without the slightest sincerity behind it.

## AS PEGLER SEES IT

By WESTBROOK PEGLER

NEW YORK — If I seem to have been mistaken in some recent observations about the ownership of McCall's Magazine, which prints Eleanor Roosevelt's material, possibly this will clear matters up.

On Nov. 22, I observed that McCall's had published a statement by this unblinking old affront to the political and moral principles of many admirable Americans to the effect that her late husband unwillingly debarrd Negroes forever from buying, renting or inhabiting any part of his real estate promotion in the Warm Springs region of Georgia only because Georgia law compelled him to do so.

R. Carter Pittman, of Albany, Ga., a real estate lawyer who served on the Georgia State Commission to administer the tax-exempt Roosevelt "memorial" property, immediately wrote McCall's: "There was no law in Georgia at any time before or since that required a racial restrictive clause. The restriction against Negroes was imposed by Mr. Roosevelt solely for reasons personal to himself," for reasons personal to himself.

Fergus Hoffman, business and financial editor of the Seattle Post-Intelligence, wrote on Nov. 22: "Westbrook Pegler" says McCall's Magazine is "a political organ of her own (La. Boca's) complexion." The magazine, Pegler adds, is "owned by interests not readily identified or easily described."

I do not understand why anyone connected with this magazine should blush, because McCall's certainly has been an unblinking organ of the widow's propaganda for years and the best that can be said of its motives is that it has run this stuff to make money.

Continuing, Mr. Hoffman of the P-I wrote: "The President of McCall's happens to be the Hon. Arthur B. Langlie, late Republican Governor of the Evergreen State (Washington). McCall's is owned by United Can Co., which happens to be controlled by Norton Simon, the Los Angeles financier, and, as Simon says: 'If you want to quote me on that, I am completely quotable.'"

The sworn statement required by Congressional Act says: "The owner is McCall Corporation, Wilmington, Del." So if a company can be the actual owner, as Mr. Simon says, then I wasn't wrong, was I in writing that the ownership is not readily identified or easily described? The sworn statement says further that "Norton Simon, Pierce Fenner and Beane, 70 Pine Street, New York, United

Can and Glass Co., PO Box 90, Hayward, Calif. hold one per cent or more of McCall's capital stock. I am not alone in the ignorant belief that brokerage firms exist to trade in securities and that can and glass companies exist for the purposes generally in their own articles of incorporation.

Further, the sworn statement says the known bondholders, mortgages and other security holders owning or holding 1 per cent or more of the total amount of bonds, mortgages and other securities are: John Hancock Mutual Life Insurance Company of Boston and Massachusetts Mutual Life Insurance Company of Springfield, Mass., whose mutual owners may not have the slightest notion that they provide a political forum for Eleanor Roosevelt.

In fact, I am an old mutual owner of Massachusetts Mutual and I would not raise hell because I hold that my own political and moral principles have been subverted by the use of my money to this political and moral effect.

I have never heard of Mr. Simon as a journalist, which is my naive but obstinate concept of a man who "owns" a big magazine. And Langlie is a tinpot political weakling of the so-called modern Republican stripe who held office as governor by Dave Beck's approval and consent and never my knowledge uttered a syllable of outcry against this horrible political monster.

The statement of ownership does not ascribe to Langlie the ownership of a single share of stock. He is not a journalist at all, but just "president" of a business corporation by selection of his personal friend Simon. His speeches have been colorless jelly and his political record almost nonexistent.

Hoffman of the P-I, said Simon told him he had not even read Mrs. Roosevelt's statement about the Negro exclusion clause because he "kept hands off the editorial department on the ground that he isn't an editor." But if he is a staunch Republican, as he claims to be, couldn't he find time to inquire why his magazine runs the work of a woman who on an American Activities was "moving good people like Alger Hiss" and that this was "unforgivable?"

And further wrote that: "Anyone knowing Mr. Hiss, whom I happen to know fairly well, would not need any denial" that he is a Communist. His record, she said, would prove it.

## Hungarians Face Sad Yule Season

BUDAPEST, Hungary (AP)—Although the gifts under the tree look somewhat richer than last year, Christmas in 1957 none the less will be one of the saddest Hungary has celebrated.

Despite efforts of the country's Communist regime in recent weeks to brighten the holiday season, it failed to fulfill one of the most fervent wishes of this nation of 10 millions. It failed to grant an amnesty for tens of thousands of Hungarians put into jail or concentration camps after last year's anti-Russian revolt.

When families gather around the candlelit tables, there will be empty chairs—the chairs of those who lost their lives in the revolt.

were imprisoned, were executed or fled to the west.

### Little Peace

There will be little "peace on earth" for this deeply religious and freedom loving country.

Mass trials of so-called "counter-revolutionaries" are being held throughout the country and there are reports of new arrests.

The Communist regime for the first time ordered the closing of all cafes, theaters and restaurants on Christmas Eve. The cafe parties are an old tradition in Hungary. But Dec. 26, a work day since the advent of communism, was made a holiday again.

Churches will be crowded on Christmas, even more than in previous years, by people praying for loved ones separated from them by prison walls, barbed wire and border barriers.

It will not be the glimmer of heavenly stars that guides Budapest to Midnight Mass, but the huge, blood-red neon stars set up on many buildings as visible signs of communism's outward triumph.

## Santa Claus and You

By FRANK TRIPP

Who hasn't some romantic recollection of Santa Claus? Who can think back to a childhood Christmas, mother and home without a wish to go back—just for a night?

Well, if you have children about, you'll take that journey. You can't escape it. Because, soon as leaves begin to fall, little dreams begin to fill with visions of a kindly, funny, fat old man who chuckles his way into the heart of childhood's Christendom. For wherever Christmas is known, there is a Santa Claus.

And old hearts have stayed young because Santa Claus lingered there. The jolly old fellow shortens memory's span and takes grandma and grandpa back to golden days when they too watched for him. Long years ago to them, yet only yesterday as goes eternity.

By the time we read, leastwise read musings like these, we all know who Santa Claus is. We have learned to account for those noises in the attic, for the miracle of the glistening tree, the candy in our stocking and

why it is that Santa has guessed our innermost thoughts so well. We have learned why Santa, dad and mother are such pals, seem to join so perfectly on what is good for us. But we never completely part with the deception, do we? We take Santa Claus through life with us.

REMEMBER WHEN you were jealous of Santa Claus? It was the time your Mary made her little prayer:

"Oh thank you dear Santa Claus for my dolly, dress and ring and my hair ribbons and my dolly's bed and clothes and—"

"But darling," you interrupted, "it was mother who gave you dolly's clothes. She made them herself for her little girl."

"Oh, Santa, excuse me, I didn't mean to thank you for my dolly's clothes and—make mommy feel bad. And I don't want to make you feel bad either and you mustn't cause I like your presents best of all."

"Look, dear, you mustn't tell that you like some things more than others. You'll hurt people's feelings."

You thought you spoke wisely, but a bewildered little face looked up and said: "Mommy I do like some things best—and can't I tell Santa everything? I—I thought he was one person I didn't have to keep things from—him and God."

So your jealousy of Santa Claus turned a baby mind upside down. When Mary first deceived you, did you remember that?

WE'VE GOT TO BE mighty careful how we talk about Santa Claus to children. He's so real to them—as real as God. Hasn't he been their vision of a great unknown? Haven't they written and prayed to him and hasn't he come to them with blessings and answered their prayers? What else is faith to most of us?

What a tragic thing for a child to lose faith in Santa Claus—too soon. I'll never forgive a Santa for what he did to my own Mary.

She approached him with awe, her little hands outstretched to meet his. Suddenly she pulled back and dashed to her mother.

"Don't you want to shake hands with Santa Claus?" Fanny asked.

"His hands are dirty. I don't like him," sobbed an unhappy little voice.

Mary's first disillusionment! Her god had come to her with unclean hands. Can you think of a greater shock than that?

THAT'S WHAT I mean by Santa Claus and You. The old fellow has a tremendous reputation to live up to. We who are keepers of his ruse must guard our tongues and our acts as we would guard the faith of our fathers.

Lest a little child learn that so much of life is deception and sham; that life's tinsel tarnishes with years—but, thank God, can always be brightened for Christmas.

ALBANY (AP)—Discrimination because of race, religion, color or national origin will not be tolerated in state employment, Gov. Harriman says.

In a statement yesterday to all state agencies, officials and employees, Harriman said that each shared the responsibility of implementing the state's policy "to countenance no type of discrimination... within our own ranks."

The state has 85,000 employees. The Mental Hygiene Department reported last Thursday that the commission against discrimination had found no basis for complaints of bias against Negroes at Creedmoor State Hospital in Queens Village.

## Financial and Commercial

**NEW YORK** (AP)—Irregular stock market prices prevailed with trading moderately active early this afternoon.

Gains and losses went from fractions to a point or so. Aircrafts, though spotty, showed some fair gains and spurts of brisk turnover. Steels were firm, nonferrous metals mostly lower, rail, oils, chemicals and farm implements mixed.

The economic news brought no Christmas cheer to Wall Street. The sharply lower steel output and rail loadings and mounting supplies of unsold 1958 automobiles were the basic background for the market. There were further reports of the squeeze on profits and also published accounts of the government's intention to help business recovery.

The market was slightly lower at the start and the ticker tape was late for three minutes in reporting the early rush. Prices firmed somewhat in later dealings. Tax-loss selling and switching continued to provide cross-currents in the market.

Boeing, Douglas and North American Aviation rose around a point or better as occasional spurts hit the aircraft division. United Aircraft was down a fraction for a while and then edged to the upside.

U. S. Steel was easy in early trading, firming late. Bethlehem also was steady. Republic Steel and Youngstown gained a bit. Kennecott and International Nickel each were down about a point. Phelps Dodge took a fractional loss.

## Pope Sees Race

The Pontiff cautioned, "must foresee the times in which they will regret the dangerously weakened harmony of the national economy, or are in fact already regretting it, though endeavoring to conceal the fact."

Without calling them by name, the Pope endorsed the North Atlantic Alliance, the United Nations and western disarmament proposals, saying:

"The divine law of harmony strictly imposes on all rulers of nations the obligation to prevent war by means of suitable international organizations, to reduce armaments under a system of effective inspection, to deter whoever should aim at disturbing the peace with the most fully guaranteed mutual dependence between the nations which sincerely desire it."

## Will Adopt New System on Data On Separations

**WASHINGTON** (AP)—The Public Health Service said today an improved system of collecting statistics on divorce and marriage annulment in several states and territories will be adopted Jan. 1.

The service said under the new system, uniform data will be collected by the Office of Vital Statistics in cooperation with 14 states and three territories which will comprise a divorce and annulment registration area.

It said establishment of the area is a start toward obtaining reliable and comprehensive divorce and annulment data, comparable to information now compiled on births and deaths.

National statistics on divorce and annulment are based on estimates, the service added. Several states do not assemble figures.

In addition to providing more accurate totals, the service said the new plan will provide for collecting additional social and economic information on family breakdowns.

The states and territories comprising the new registration area: Alabama, Georgia, Idaho, Iowa, Montana, Nebraska, Oregon, Pennsylvania, South Dakota, Tennessee, Utah, Virginia, Wisconsin, Wyoming, Alaska, Hawaii and the Virgin Islands.

**Girl Amputee Is Noted Improved**

**LOUISVILLE, Ky.** (AP)—Quiet little Rosella Auxier, who lost both feet through an amputation last week, continued to improve in condition today.

Children's Hospital here said the 15-year-old eastern Kentucky girl's condition was "satisfactory" and that she was "doing all right" after surgery.

The dark-haired youngster whose legs were frozen from the knees down; lost her right foot on Saturday, four days after doctors removed the left foot.

Her exhausted mother, Mrs. Sarah Auxier, has been at her bedside almost constantly since the girl was rushed here after being found Dec. 13 unconscious in an abandoned store at Prestonsburg, Ky. Mrs. Auxier, who has eleven other children, has spent so much time at the hospital she has had to catch up on her sleep with naps in the lobby.

As Christmas approaches, gifts have come to the uncomplaining dark-eyed youngster. She received a record player from a man who read that was what she wanted, and the Louisville Junior Chamber of Commerce gave her 40 records, including a number by her favorite singer, Elvis Presley.

Rosella was found in the abandoned store when workmen happened to glance through, a window.

The girl had disappeared from her grandmother's home five days earlier. All she recalls is deciding to take a walk. Her next distinct memory was that of doctors seeking to save her legs.

### PERSPECTIVE FOR 1958

Thousands of price-conscious investors need a deeper perspective in facing economic America in 1958. And with the new year at hand, now is a good time to start to get it.

Fearful and hesitant persons can always see something on the horizon that causes them to delay employing idle money. President Eisenhower may have another illness. The automobile industry may have a bad year. High interest rates may restrict the building of homes and office structures. Steel production may be down. Wages and prices may squeeze corporate profits. Yes, anyone looking for excuses to allow dollars to remain lazy can find them. But economic America is basically a courageous and not a fearful country. And all investors should constantly keep this thought in mind.

### Two Forces

There are two dynamic forces here that grow from decade to decade. In their operation they are inexorable. They are: (1) population growth and (2) a steadily rising standard of living. All the timidity in the world can't stop them.

It is good frequently for fearful investors to review the economic past. And, generally speaking, the economic history of America makes courageous reading. There is little defeatism in it.

Take, for instance, the production and sales records of only three of the country's leading corporations during the past ten years—1946 through 1956. Here are the cheerful figures of General Electric, General Motors, and Standard Oil of New Jersey.

In 1946, General Electric did a 768-million-dollar business; five years later it hit \$2,319,000,000; and in 1956 it was up to 4 billions.

In 1946, General Motors sold about 2 billions of dollars of its products. By 1956 this had jumped to \$7,400,000,000; and in 1956 it totaled \$10,800,000,000.

In the same years, 1946-1951-1956, Standard Oil of New Jersey sold its products in the following respective amounts: \$1,600,000,000; \$3,750,000,000; and \$7,100,000,000.

How have the stockholders fared who have owned and held the common shares of GE, GM, and Jersey during this short period? Marvelously.

How will they fare in the decade ahead? Well, the population of the United States will grow and millions of people will achieve a higher standard of living. Yes, in the decade ahead

Set your sights high—set them on the large profits which you can get by advertising in the Freeman classified. Dial FE 1-5000, today.

An investment we like . . .

## Coxe, Retired Federal Judge, Succumbs at 77

OLD LYME, Conn. (AP) — Alfred C. Coxe, 77, a retired federal judge, died at his home here today after a long illness.

Coxe was appointed judge of the federal court for the southern district of New York in 1929, and served there until his retirement about six years ago.

He maintained a summer home for more than 30 years in this community on the Long Island Sound and had spent most of his time here since his retirement.

Coxe was the son of a judge of the U. S. Circuit Court of Appeals, the late Alfred C. Coxe of Utica, N. Y. His mother was the late Mayette Doolittle Coxe.

Coxe was educated at Yale and Cornell University Law School, and completed his legal training in a Utica law office.

He leaves his widow, Helen P. Emery Coxe, and three sons, Alfred C. Coxe Jr. of Denver, John E. Coxe of Pittsburgh and Samuel H. Coxe of San Francisco.

Funeral services will be held at the First Congregational Church here Monday afternoon, and burial will be at Utica.

### Library to Close

The Kingston City Library will close Tuesday at noon to observe Christmas. It will open Thursday at 10 a. m.

## Welsh Rabbit Enlivens New Year's Eve Buffet

IT'S ONLY a few moments to midnight. This Welsh rabbit adds to the festivities and will help bring the New Year in right.

By GAYNOR MADDON  
NEA Food and Markets Editor  
At the witching hour, when 1958 comes over the line, with family and congenial friends around you, toast the New Year with hope and courage.

And don't overlook the importance of a New Year's Eve buffet—simple of course, but satisfying and appropriate. You may want to spell out "Happy New Year" on the table with confetti or cut-outs, or else attach glitter-sprayed metal numerals to candles with the magic combination "1958."

A Welsh rabbit made in a chafing dish—bubbly, flavorful and substantial—served on hot toast, a refreshing salad bowl, cold drinks and then later coffee plus cake if you wish—and 1958 will be off to a good start.

**Welsh Rabbit**  
(Yield: 6 servings)

One tablespoon butter, 1 pound Cheddar cheese, grated (4 cups), ½ cup ale or beer or milk, 1 teaspoon Worcestershire sauce, ½ teaspoon dry mustard, ¼ teaspoon hot pepper sauce, salt to taste.

Melt butter and cheese in double boiler or chafing dish over

hot, not boiling water. As cheese begins to melt, gradually stir in ale or beer, or milk. Cook only until smooth and hot. Stir in seasonings. If desired, sprinkle with paprika. Serve with hot toast points.

**Buffet Salad Bowl**  
(Yield: 6 servings)  
One grapefruit, 1 avocado, 6 stalks endive, 1 half head escarole or other salad greens, French dressing.

To section grapefruit, cut off peel in strips from top to bottom, cutting deep enough to remove white membrane. Cut along side of each, dividing membrane from outside to middle of core. Remove section by section over bowl to retain juice. Peel and cut avocados in wedges. Cut stalks of endive quarters. To arrange in salad bowl, make separate piles of grapefruit sections, avocado wedges, endive and escarole to form colorful pattern. Serve with French dressing.

**NEW YEAR'S EVE BUFFET SUPPER:** Salted nuts, olives, potato chips, pretzels, Welsh rabbit on hot toast, salad of avocado, grapefruit sections, endive, escarole, French dressing, chilled bottled drinks, chocolate, coffee, tea, milk.

F. William Sheehan, officer in charge of the Veterans Administration office, Main Post Office, Central Broadway, today announced that in accordance with presidential proclamation granting a half holiday for federal employees on Christmas Eve and New Year's Eve, the Kingston VA office will be open from 8:30 a. m. to 12:30 p. m. on Tuesday, Dec. 24 and Tuesday, Dec. 31.

**JUNE IN JANUARY?**—No wedding bells are ringing, but there are plenty of brides in evidence in the windows of these shops in Manhattan. Although the street—Grand Street down near the Bowery—is in one of the most run-down sections of New York, almost an entire block is taken up by stores featuring bridal furnishings.

### Club Note

CINCINNATI, (AP)—Women's clubs are the main pillar of contemporary culture, a Brandeis (Mass.) University psychologist said here recently. Speaking at a dinner meeting of the university's local Women's Committee, Dr. Abraham H. Maslow said: "If women's clubs were wiped out, our whole culture would collapse. They perform useful tasks in supporting music, art, education and other forms of culture."

### Kitchen Guest

LOUISA, Va. (AP)—E. M. Pennington, Jr., vocational agriculture teacher here for 23 years, has some ideas about success in his work. He says he doesn't have a teacher-pupil relationship with his boys, he works along with them. He also tries to gain the confidence of their families. "I guess there isn't a farm kitchen in Louisa I haven't eaten in," he said. "But I wouldn't be caught dead in the parlor."

## NUTS TO YOU

Along with fruits and spices—no disrespect intended—just my way of letting you know that I'm available for adding to your family and guests' pleasure. I'll be waiting for you at your favorite store.

## Leaves From Boyle's Notebook

By HAL BOYLE  
EVERGLADES CITY, Fla. (AP)—If you want solitude, take a tip from "the world's most sociable hermit"—don't buy an island.

"Most people say they'd like to have an island so they can be by themselves," said Roy Ozmer, 60, the hermit of Pelican Key. "But it doesn't work out that way."

"Last year I had more than 6,000 visitors—and thank God for every one of them. If I just sat out here twiddling my thumbs and listening to the birds, I'd be crazier than—well than I am."

Everybody should be so crazy as Ozmer, a lean, utterly friendly man who wears a green beret and a trim graying Van Dyke beard. He is one of the few men who wearied of steady work, turned to hermiting—and made it pay.

**Has Own Paradise**  
His paradise is a three-acre island seven miles from here, a key on which 260 varieties of trees, shrubs and flowers flourish. He settled here in 1949 as a career hermit after working as a merchant seaman, apple farmer, and movie exhibitor.

"I just got tired of the rat race and wanted out of it," he explained. "I got tired of working one week just to make enough to live the next week."

Ozmer's simple needs are easily met. He is so charming that everybody in the area vies in trying to help him. He has three shacks on the island and rents them out

to sportsmen. Neighboring fishermen drop by his refuge to give him part of their catch.

Tourists, anxious to see a real live hermit, come by the thousands to chat with him and share a hospitable coffee pot. Many insist on leaving a small money gift behind, although the old hermit never asks for anything. (He doesn't have to.)

**Dogs for Company**  
The old hermit isn't all alone. He has two dogs, "Little Sister" and "Boojum," and three pet egrets—"Doctor Doolittle," "Grumpy," and "Dopey," who like to chase and eat butterflies.

"A man has to have something to pamper," he said, "and they're pretty pampered."

Ozmer is healthier than he has ever been before in his life and says he is never lonely:

"I am busy from dawn to dusk. There's always something to do on an island, and keeping busy is very important. I think it takes a man about 60 years to find out the beauty of having something to do—the real joy of working."

"As long as you are doing what you like, you can't be bored. And it's being bored that leads to being lonely."

As I left I noticed a huge bleached skull lying just off the pathway. It looked like the skull of a loggerhead turtle but when I asked Ozmer, he just grinned and said:

"That's all that's left of the last income tax collector who came here."

### Destroy the Evidence

SAN DIEGO, Calif. (AP)—When Police Officer Leonard Baber stopped Raymond T. Camoras, 23, for a minor traffic violation he found him trying to eat his driver's license.

"Why?" asked Baber.

"My license was suspended a year ago and I just have to drive a car," was Camoras' puzzling explanation.

## Do You Remember by Sophie Miller

The information is still pouring in faster than can be absorbed by the column on Harry Rigby's idea to determine the reason the streets of Kingston were so named.

Rigby reports that Mrs. William J. Reardon, of Fairmont Avenue, wife of the popular retired Kingston policeman and mother of Bill Reardon, principal of Schools 6 and 8 telephoned in some of the following: "Mrs. Reardon says her great-grandfather, John Tubby owned a farm which covered an area from approximately Clifton Avenue to Foxhall Avenue and from Hasbrouck Avenue over almost to Staples farm was mentioned in the column a short time ago. It would also adjoin the Ludlum farm. Mrs. Kingman mentioned and would be close to the Elmendorf farm mentioned in this column. This should give us a pretty complete picture of the land holdings of a century ago in that whole large sector of land running almost from Delaware Avenue to Albany Avenue, and

from Broadway to Flatbush Avenue. There Rigby concludes that all of the third ward, most of the second ward, and a large part of the fourth ward were four farms belonging to the Tubby's, the Ludlum's, the Staples' and the Elmendorf's.

He said that Mrs. Reardon explained that the John Tubby farmhouse stood just about where the Children's Home is now. Much of the farm was in an apple orchard. A small plot to the north was farmed by a man named Cassidy. I am glad that this information can be collected and match.

Mrs. Reddon further tells about John Tubby, who was a Quaker, and left England because of the persecution of his sect. He first settled in New York City. After a few years he immigrated to Kingston and bought this farm. Mrs. Reardon says that to the end of their days, John and his wife followed the Quaker mode of dress, she in her prim gray bonnet and dress, and John in the distinctive Quaker broad-brimmed hat. When John Tubby sold off por-

tions of his farm, he named one of the streets on his land, Tubby Street, after himself. He later put up the money, \$40,000.00 a princely sum in those days, to build what was Kingston's most modern housing facility of the time, "Tubby Row" still standing on Spring Street. The Row was built under the supervision of his son, Joseph Tubby, the famous

Kingston artist, an exhibit of whose works was held in the Senate House Museum several years ago. She believes, Mrs. Cordts owns it now.

As the readers can see, the information they call in and send in is fabulous for a history of Kingston. I am delighted that Rigby started the ball rolling. Mrs. Reardon says her father was Robert Tubby, son of John Tubby Jr., who, in turn, was a son of the original John Tubby from England.

### Children of Immaculate Conception School In Yuletide Program; Audience Enthusiastic

By Dorothy A. Narel  
Freeman Society Editor

More than 175 children took  
part in the Annual Christmas  
program of Immaculate Conception  
School Sunday, Dec. 22 in  
the White Eagle Hall, Delaware  
Avenue.

An applauding, overflow-audience  
of more than 400 viewed the  
students as they unfolded the  
story of The Birth of Christ.

The opening scene, "Nativity  
Pageant" was resplendent with  
glittering angels, choral group,  
shepherds and very authentic  
looking Wise Men.

It was comforting to see, what  
with all the talk these days  
about Juvenile Problems  
throughout the country, what  
the majority of youngsters are  
accomplishing.

This is said not only of the  
students at the Immaculate Con-  
ception School, but of the great-  
er majority of students in the  
nation. This point was particu-  
larly emphasized to me as I  
watched these children, down to  
the smallest tot, doing their ut-  
most to please the grown-ups  
who had gathered to watch their  
Christmas play.

#### Band and Playlet

An example of excellent train-  
ing in music sense was presented  
in the second act when the  
Christmas Rhythm Band took  
its bow. Tamborines, triangles,  
bells, drums, to mention just a  
few, were combined in such a  
way that it was not only enter-  
taining but served to illustrate  
that within every child there is  
a sense of rhythm and music.

The meaning of true Christ-  
mas giving and love was stressed  
in a playlet "Christmas Candle  
in the Window," which com-  
prised the third act of the pro-  
gram.

The students very capably por-  
trayed their parts. It was also  
interesting to note the quick  
scene changes, which always  
provides a problem, but was  
quickly and efficiently handled  
in last night's performance.

The final act, "Christmas Eve  
in Santa's Toyshop," which the  
youngest of the students pre-  
sented, was very entertaining.

While pupils of the third and  
fourth grades formed "live"  
Christmas trees in the back-  
ground, the first and second  
graders, in small groups, sang  
five songs. They included "I'm  
a Little Engine," "Maybe I'll  
Find a Kitty," "I'm a Little  
Puppet," "Indian Song" and  
"My Little Puppy."

As always, the tots captivated  
their audience.

**Students Commended**  
The Rev. Joseph Siczek, pas-  
tor of Immaculate Conception  
Church, who was present for the  
play, commended the Felician  
Sisters for their instruction of  
the pupils.

"We have always enjoyed this  
annual presentation," he said.  
"The children work hard, as do  
the Sisters, and we are all happy  
to see such a large group here  
tonight."

In this reporter's opinion, last  
night's program was the finest  
given at the school to date. It's  
production was smooth, colorful

and well planned.  
It was well worth sitting  
through for two hours.

### Christmas Eve Services Set

St. Andrews, New Paltz

St. Andrew's Episcopal  
Church, New Paltz, will herald  
the Nativity of Christ with a  
choral celebration of the Holy  
Eucharist Christmas Eve at 11  
p. m.

Preceding the service there  
will be a choral prelude which  
will include: "Break Forth, O  
Beauteous Morn" from J. S.  
Bach; the Christmas oratorio,  
Today in Bethlehem" with word  
from the Greek of St. John of  
Damascus (ca. 754 A.D.) and  
music by Ann Moore Boyd, the  
17th century Swiss folksong, "O  
Nightingale Awake!" arranged  
by Clarence Dickinson; "The Sa-  
viour Now Is Born" by David H.  
Williams; "Whence Comes This  
Rush of Wings," the carol of the  
birds, Bas-Queroy Carol, "Jesu,  
Jesu, Little Son" by Stanley A.  
Day; "Come to the Stable" by  
Geoffrey O'Hara; "A Christmas  
Prayer," by Stanley A. Day, and  
"The Birth of Christ," a Chris-  
mas suite by Jean Pasquet.

The midnight Eucharist will  
begin at 11:30 p. m., with the  
Rev. George A. Detor, vicar of

St. Andrew's Episcopal Church,  
as celebrant.

#### Redeemer Church

The traditional Christmas Eve  
candle service will be held Tues-  
day at 11 o'clock at Evangelical  
Lutheran Church of the Re-  
deemer, Wurts and Rogers  
Streets.

As the congregation gathers  
for worship, the sanctuary will  
be lighted exclusively by candle-  
light as Christmas hymns and  
carols are played on the tower  
bells by Carol Gaise. The service  
will include congregational par-  
ticipation in the singing of eight  
of the favorite Christmas carols  
and a Christmas Eve meditation  
by the pastor, the Rev. David C.  
Gaise.

The augmented choir directed  
by Leonard Stine will present its  
traditional group of Christmas  
anthems including "How Lately  
We Watched" by Black, the  
"Gloria in Excelsis" from the  
12th Mass of Mozart, "From  
Heaven High the Angels Came"  
arranged by Dickinson from a  
14th century chorale and as a  
climax to the midnight service,  
the "Hallelujah Chorus" from  
Handel's Messiah.

The service, held before the  
white marble altar adorned with  
greens and poinsettias, will cul-  
minate with the ritual of candle-

lighting in which the entire con-

Many a woman not only throws away money during the Christmas season, but she also throws away the result of some 51 weeks of strict dieting.

ceived a letter from his wife, saying there wasn't an able-bodied man left, and she was going to dig the garden herself.

Pat wrote at the beginning of his next letter, "Bridget, please don't dig the garden; that's where the guns are."

The letter was duly censored, and in a short time a lorry-load of men in khaki arrived at Pat's house and proceeded to dig the garden from end to end.

Bridget wrote to Pat in desperation, saying that she didn't know what to do, as the soldiers had got the garden dug up, every bit of it.

Pat's reply was short, and to the point: "Put in the spuds."

## Hollywood News, Views

By BOB THOMAS

HOLLYWOOD (AP)—Parents who take their children to see Santa Claus at a downtown Los Angeles store may recognize the twinkle in Santa's eyes. He's Chester Conklin, the long time movie comic.

Little, bald, goggle-eyed Chester has been at the Santa Claus store for nine years, the last five at J. W. Robinson's department store. And he loves it.

All Interesting

"You can't get tired when you see the wonderful, fresh faces of those kids," he says. "I talk to about 400 a day, sometimes as many as 500. But they're all interesting."

"Some of them hold back and are afraid to talk to me. Some get on my lap and can't say anything. I tell them to be sure to write me a letter and tell me what they want."

"I remember myself how excit-

ed I was about Santa Claus when I was young, how I tried to stay awake on Christmas Eve to see him. A child loses a lot when he loses his belief in Santa Claus."

I met Chester at his station and we went to an executive office to talk—after he put up a sign explaining that he had gone to feed his reindeer. He unwrapped his mane of white hair, removed his beard and unbuttoned his red jacket.

"I take a break about every hour," he explained. "No, we don't have a Santa Claus union; it's just my agreement with the store. I don't get tired, as long as the kids keep coming. But this outfit is so hot that I have to get out of it now and then."

Circus to TV

Chester, born 71 years ago in Oskaloosa, Iowa, started in show business as a vaudeville monologist in Des Moines. His career took him through every phase of show business, including stock acting and clowning with the Al G. Barnes circus. When the circus wintered in Venice, Calif., in 1912, Chester got a job with Mack Sennett's new studio.

He first found fame as one of the original Keystone Kops, has made hundreds of pictures since, including "Greed," "The Great Dictator," "Modern Times," and "The Beautiful Blonde From Bashful Bend." Recently he was a regular in the Eddie Mayhew TV series.

How did he get into the Santa business? "A friend of mine had been doing it and recommended it to me," he said. "Nine years ago, I heard that a store needed a Santa and I applied. I've been doing it ever since."

"It works out fine, because the picture business is always slow this time of year. Things don't pick up until after the tax season in March."

Chester said he earned as much as \$3,500 a week as a comedian. I asked him how much he was making now.

"Not very much," he said, "but I'm enjoying it."

Hurt by Crash

"I saved my money but then I lost it in the crash. I was in Los Angeles municipal street bonds and I had to sell at 12 cents on the dollar to keep my wife in the hospital."

"I'm not a rich man, but I have a bed to sleep in every night. I have three square meals a day and wear good clothes. A man doesn't need much more at my age."

Chester, who has no children of his own, lives alone in Long Beach ("I can't stand the smog in L. A.") and will spend Christmas with his sister in Woodland Hills. Will he continue as Santa Claus?

"I don't know," he said. "I'm looking for a small business at the beach to keep me busy—something I can run, but won't ruin me. If I find one, I won't be available. But I will miss those kids."

## Glancing Over TV Bill of Fare

By CHARLES MERCER

NEW YORK (AP)—Most male television stars dress sloppily, have bad posture and set a poor example for the country's youth says Larry L. Mack, president of a slenderizing firm.

Mack, chosen one of the best dressed men in America by the New York Custom Tailors Guild, declares:

Many Well Dressed

"Most college students, although tightly limited in funds, look neater and dress better than many of our highest paid TV stars."

"Of course, there are many well dressed men on television, but most of them are masters of ceremonies and newscasters. Few rank as stars. Bob Hope and Jack Benny are notable exceptions; they have always dressed in impeccable taste and invariably look dapper."

"Others who make a good appearance include Dennis Day, Mike Wallace, Steve Allen, Ed Murrow and John Cameron Swayze. Among the younger men who coo their clothes with care is Pat Boone."

Who's the worst dressed man to appear on television in recent seasons?

Elvis Worst of Lot

Elvis Presley, says Mack. "You can try—but it's impossible to look more sloppy than Presley," says Mack. "His clothes have that unmade-bed look, as if he shops in a bargain basement."

Other TV personalities whose style of dress leaves much to be desired, in Mack's opinion, are Liberace and Lawrence Walk.

"They go from one extreme to another," he said. "Liberace's dazzling jackets are too spectacular to be in good taste. Walk's are too nondescript. Liberace also is guilty of wearing out-size cufflinks. They look like miniature sputniks."

Gleason Must Shed

Reminded that Jackie Gleason reputedly has the biggest wardrobe of any television male performer, Mack said:

No man as fat as Gleason can be called well dressed, no matter

how much he spends on his clothes nor how well they are cut. If he shaved 75 pounds, his wardrobe would appear to much better advantage. So would he."

In eight of the 12 presidential elections between 1900 and 1944, a Roosevelt was running either for president or vice president.

## Special Christmas Party for Tots Without Sight

By JAMES BACON

HOLLYWOOD (AP)—Ever wonder what Christmas means to children who can't see the tree—or even the toys they receive?

Esther Williams took me along the other day to the annual Christmas Party for the nursery school for visually handicapped children. She has been going for 12 years.

There was a tree all decorated like any other Christmas tree, except that it gave off music from tinkling crystal and bells.

Esther was the Santa Claus who distributed the gifts to the children.

No children could have been happier. One little boy, Doug, sat for an hour with a ball that made music. He shook it and held it to his ear. Then he laughed and laughed.

Another boy, born without eyeballs, did the same thing with a toy car that made a noise when he ran the wheels on the carpet. There was the inevitable boy with a drum.

The little girls got dolls that cried "mama." And telephones that ring.

It was a typical Christmas Party except for one thing—the children sat on the floor in one spot for hours at a time. There was no running around or climbing on parents' laps.

This was what Esther first noticed when a studio once sent her to the school for a benefit performance.

"I wondered how these children ever exercised," she said, and suggested that swimming might be the perfect answer. Officials at the school didn't think so, fearing that the children, not knowing what water is, might fear it.

Esther piled some of the kids in her station wagon, took them to a pool and started teaching them to swim.

"I taught them like normal children," she said. The results are best summed up by the record of one 12-year-old girl, first taught by Esther. The child, though blind, has won several junior championships in aquatic meets.

### Answer to Previous Puzzle

## Couple Will Get Their Baby For Christmas

AUGUSTA, Ga. (U-P)—Each minute seemed an hour today to a young Army private and his wife waiting to receive the best Christmas present in the world—their own baby boy.

Pvt. Douglas A. Heywood, 26, and his wife, Vickie, haven't seen 9-month-old Doug Jr. in nearly eight weeks and didn't expect him at this time.

But the Augusta (Ga.) Chronicle, the San Diego (Calif.) Union, American Air Lines and Delta Air Lines joined in a seasonal gesture of good will to make little Doug's first Christmas a happy one.

Doug Jr. was left in a children's boarding home in San Diego when Heywood was drafted and sent to the southeast signal school at Ft. Gordon near Augusta.

The baby was born prematurely and the parents wanted to be sure a place was prepared for him before they brought him east.

Once here, the couple found they couldn't meet the child's board bill. Doug became a ward of the juvenile court in San Diego and was placed in Hillcrest Receiving Home there.

### Paper Goes Into Action

Reporter Pat Kelly of the Chronicle learned of the situation and the paper went into action. Juvenile court authorities in both San Diego and Augusta were consulted and their approval obtained. Air line officials agreed to bring Doug Jr. east as a guest.

Arrangements were made for Mary Stanley of American Air Lines to take the little boy part of the way and then transfer him to the care of Harriet Videtto, a Delta stewardess from Augusta.

Last night the young mother held a telephone conversation with Miss Stanley. Mrs. Heywood was in the Chronicle newsroom in Augusta and Miss Stanley, with Doug on her lap, was in the newsroom of the San Diego Union.

"How is my baby?" Mrs. Heywood asked.

"He's fine," said Miss Stanley. "Is he really all right? Is he eating?"

"You bet! He looks wonderful!" "Can you get him... get him... to say anything?"

"I'm afraid not," Miss Stanley's laugh was musical. "He's very much interested in looking at the Sunday comics right now."

"Take good care of him," Mrs. Heywood pleaded, tears streaming down her cheeks. "He's so little!"

"He's not so little any more!" Miss Stanley exclaimed. "Just wait until you see him."

That's just what the Heywoods are doing.

The flight was due in at 2:33 p. m.

## Crumbling Wall Restricts Traffic

A section of the retaining wall on lower Delaware Avenue has been crumbling as a result of the recent heavy rains, and traffic movement will be restricted until remedial action is taken, Mayor Frederick H. Stang said today.

The mayor said he has talked with City Engineer Arthur F. Hallinan and Max Oppenheimer, public works superintendent, and plans are under way for repair of the wall.

Part of the wall was apparently affected when the rainfall was heaviest and a police report at 5:35 p. m., Saturday noted that another section on Delaware Avenue near Yeomans Street had fallen.

## Judge R. A. Egan Dead at New Windsor

NEWBURGH (U-P)—County Judge Raphael A. Egan, 70, a World War hero, died at his home at New Windsor yesterday after an extended illness.

A county judge for 16 years, he was to step down Dec. 31, having reached the mandatory retirement age.

As a captain in World War I, Egan commanded Co. 1 of the 27th division which helped crack the Hindenburg Line. He was promoted to colonel and later breveted a brigadier general. He retired as a reserve officer in 1933.

He commanded the First Orange County American Legion unit.

Surviving are his widow, Mrs. Elizabeth Frances Egan, and a daughter, Mrs. Patricia Procat.

## Saugerties Restaurant Proprietor Fined \$50

Charles John Marabell, 54, proprietor of Schoentag's Hotel, Route 9W, Glasco, was arrested by Kingston state police today on a charge of employing a felon.

Arraigned before Justice of the Peace Glenford Myers, Marabell was fined \$50.

Marabell was arrested by Cpl. Edward Shannon and Trooper Charles Teelon of Kingston BCI.

Dispatches from McMurdo Sound, the U. S. base in Antarctica, yesterday quoted John Claydon, leader of New Zealand's nearby Scott Base as saying he believed Hillary was headed for the pole.

Hillary, conqueror of Mt. Everest, is leading a New Zealand party at Depot 700, a spot about 700 miles inland from Scott base and 500 miles from the pole.

Fuchs is leading a British party that set out on a 1,300 mile trek from Shackleton Base, south of the tip of South America, on Nov. 27, intending to meet Hillary at Depot 700. He ran into difficulties and is reported still more than 500 miles short of the pole.

The Hillary-Fuchs expeditions were planned as a cooperative trans-Antarctica trek by the two British Commonwealth countries as a contribution to International Geophysical Year studies.

"I am sure he (Hillary) is not heading for the pole," Bowden said. "Even if Fuchs, who commands the British and New Zealand parties, asked Hillary to press toward the pole he would not do so without first notifying and receiving approval from the committee."

Board Is Forfeited by Former Commissioner

CAMBRIDGE, Md. (U-P)—A former New York State conservation commissioner has forfeited bond for failure to appear for trial on a charge of hunting ducks over a baited area.

Perry B. Duryea Sr. of Montauk, L. I., his son Perry Jr., and three other men were accused Dec. 16 of hunting ducks from blinds on Fishing Bay, a tributary of Chesapeake Bay on the eastern shore of Maryland.

Carl Bozman, agent of the Maryland fish and game commissioner, who arrested the five, said corn had been distributed near the blinds. State and federal law prohibits baiting.

None of the five appeared for trial in Magistrate's Court Friday night and each forfeited \$26.50 bond.

## Cardinal Visits GIs Around the World

TOKYO (U-P)—Francis Cardinal Spellman, Roman Catholic archbishop of New York, moved at top speed through a full schedule today on his annual Christmas visit to GIs around the world.

The cardinal, who arrived yesterday aboard a crippled airliner, called on U. S. Ambassador Douglas MacArthur II and Lt. Gen. Charles D. Palmer, commanding general of the U. S. Army in Japan.

The 68-year-old prelate also met

patients in the Camp Zama U.S. Army Hospital and celebrated Mass for personnel at the U. S. 5th Air Force headquarters at Fuchu Air Base and at Camp Zama.

## Niagara Mohawk Report

New York (U-P)—Niagara Mohawk Power Corp. today reported net income of \$25,274,000, equal to \$1.83 a share, for the 12 months ended Oct. 31. This compared with a net income of \$29,349,000 equal to \$2.22 a share, for the preceding 12 months.

### Season's Greetings

Wania wishes for a Merry Christmas and a happy New Year

## One Faces Gun Charge, Other Held for Assault

A man was arrested on an assault charge today following an incident dating back to Saturday and another was held early today for allegedly carrying a .32 calibre revolver without a permit.

Joseph V. Sullivan, of PO Box 171, Saugerties, an employee of the Ellis Finance Co., of that place, was arrested on a warrant, executed by Sgt. Lemuel Howard, of the local police, and charging third degree assault.

A report at 12:34 p. m., Saturday, said that Sullivan had gone to the house of Arthur Perry, 35, of 60 South Washington Avenue at 12:34 p. m., Saturday, and while there, had hit Perry in the arm with a shovel after a "disagreement."

The report said that Sullivan had been ordered off the property by Perry, but instead, he went to his car, took out a shovel and allegedly struck Perry, who was treated at Kingston Hospital for a cut on the arm.

Sullivan is due to appear in City Court Tuesday.

A report at 2:20 a. m., Sunday said that Raymond Morales, 47, of Camp Greenkill, was arrested by Officer Edward Leonard on a charge of possessing the revolver without a license. He waived examination before City Judge Raymond J. Mino today and was held for the grand jury. Morales told police he had just bought the gun from another man and was taking it home, the report said.

## • BRIDGE

## Play Safe in Rubber Bridge

By OSWALD JACOBY  
Written for NEA Service

Take a look at the North and South hands only. The deuce of hearts is opened against your three no-trump contract. How do you play the hand?

If the game is match point duplicate you should probably let the heart ride around to your jack and go out after everything that is not nailed down.

In rubber bridge you should go right up with the ace of hearts and insure your contract except against all four diamonds in the East hand.

Your second play is a club to your ace and then you take the diamond finesse. If it loses you will take nine tricks made up of five diamonds, two clubs and the major suit aces.

If it wins you will also take nine tricks because you will be too smart to return to your hand with the ace of spades, in order to try the diamond finesse a second time. East might just have been cagey enough to hold off with the king and if you

tried this play your whole hand would collapse.

Therefore you should continue to play safe for your contract by leading a low diamond from dummy and conceding a trick to the king.

Why did you take the ace of hearts at trick one? Look at all the hands and see what might have happened. East would take the king of hearts and shift to the queen of spades. Assuming that West remembered to unblock with the king you would lose three spades, one heart and one diamond.

## Trinity Lutheran

The annual Christmas Eve candlelight service of Trinity Evangelical Lutheran Church, Spring and Hone Streets will be held Tuesday at 11 p. m.

The entire chancel of the church is banked with Christmas tree boughs and poinsettias. The white altar is decorated with poinsettias and large candelabra are in the chancel leading to the altar. Small Christmas trees are placed near the lectern, pulpit and the children's altar. The church windows are decorated with Christmas boughs. The mammoth Christmas tree in the first arch of the nave of the church is trimmed with tinsel and the tree itself is illuminated with hidden indirect lighting.

The service will be conducted by the Rev. Frank L. Gollnick, D.D., pastor, who will preach a sermon on the theme, "There's Always a Midnight!" He will be assisted at the Christmas services by the Rev. Albert H. Shultis.

The following service of lights will be used:

During the singing of the fifth hymn, the pastor will light his candle from an altar candle and the ushers will then light the candle of the first worshipper in each pew, he, in turn, will light

## Think It Through

By E. F. HUTTON  
PANIC BY SPUTNIK

"Pride goeth before destruction." Sputnik has punctured our ego.

But why be panicked by Sputnik? We have caught up with front runners before. Europe once led the world in medicine. We were far behind Germany in chemistry until after World War I.

We, Americans, didn't invent everything, —for example, printing, the steam engine, photography, dynamite, the gasoline automobile, radio, spinning-jenny, wireless telegraph, X-ray, railroad locomotive, etc.

Science is the monopoly of no nation or race. We have great inventions to our credit, including the airplane, the atom and hydrogen bomb. And under our system of competitive free enterprise we have put our own, and other peoples' inventions to more practical use for more people than any other country. That is why we lead the world in our standard of living.

The Russians pay for their spectacular military hardware with a low standard of living. That is their weak point today. But we can have both butter and guns. And in the long run "an army moves on its belly," as Napoleon said.

All we need to do is to postpone luxuries for necessities and get on with the job. We need more work, not more welfare, by cutting out the non-essentials, we can probably do the job without increasing total Government spending, taxes or debt.

Neighbor, let's tighten our belts, fry off the fat, and get in condition!

MR. HUTTON

the candle of his neighbor and so on, until all the candles in the pew are lighted.

During the singing of the Christmas Carol, "Silent Night, Holy Night," the congregation and pastor will hold the lighted candles aloft. The congregation will raise their lighted candles when the pastor raises his candle, and they will lower their candles when the pastor lowers his candle.

The congregation will extinguish their candles when the pastor replaces his lighted candle on the altar following the benediction.

The following special music has been arranged with the augmented choir under the direction of Donald Romme, M.A., minister of music and Howard Houghtaling, organist.

Prelude, introduction to "The Incarnate Word" and "In Dulce Jubilo;" anthems, "Hallelujah Chorus," "I Wonder As I Wander," John Amarello, soloist and "When Christ Was Born of Mary Free."

Trumpet duet, "O Holy Night" by Albert Rossi and Myron Rossi.

Anthem, "Sing, O Heavens" with Miss Priscilla Rylance, soloist.

Trumpet duet, "Silent Night, Holy Night;" postlude, pastoral

symphony from "The Messiah." This service will be broadcast over Station WKNY through the courtesy of the Knaust Brothers.

The public is cordially invited to attend.

## Brings Help Then Dies Watching Rescue

RENSSELAER (AP)—A one-legged man who had limped with his crutch to summon help for a friend who had fallen into a rain-swollen creek collapsed and died Saturday while watching the rescue.

David Webb, 61, of nearby Scho-dack Landing dropped dead while watching Frank Snook, 69, use a ladder to reach Leon Vandenberg, 74.

Snook said Webb and Vandenberg had been walking along the bank of the Mordenier Kill when Vandenberg apparently lost his footing and slipped into the raging water.

State police said Vandenberg apparently suffered no ill effects.

Thomas Jefferson was among the early American wine growers, cultivating grapes at Monticello.

## Murder and Suicide Is Coroner's Verdict

AU SABLE FORKS (AP)—A coroner says Mrs. Suffrina Wisner, 66, strangled her sister, a 68-year-old widow, then hanged herself Dec. 5.

It was a case of murder and suicide, Dr. Alphonso Goff, Essex County coroner ruled Saturday after an inquest.

The body of Mrs. Rose Patno

was found on the kitchen floor of her home, a scarf knotted around the neck. Mrs. Wisner's body was hanging from a door hinge a few feet away.

State police quoted Mrs. Wisner's husband, John, as saying his

wife had been under treatment. Mrs. Patno, a widow for 24 years, lived alone. The Wisners lived several houses away.

Contrary to popular belief, no species of snake is slimy.

## JIMMY'S DREAM HAS WINGS

—but will his dream come true?

Jimmy's theme song goes, "Off We Go into the Wild Blue Yonder." Quite appropriate for an aspiring jet pilot.

But Jimmy lives in a community where there's a serious shortage of classrooms, teachers and good schoolbooks. Result? Not enough schooling for a future jet pilot.

Let's see that this doesn't happen in our schools. You can help by supporting our School Board, by attending PTA meetings and school conferences.

# Chevrolets Rout Poughkeepsie, 85-59, for Third HVL Win

## Strong 2nd Half Keeps Kingston Cagers Unbeaten

LEAGUE STANDING	
Byrne Chevrolets	3 0
Pine Plains	3 0
Stewart Field	0 1
Fishkill	0 1
Middletown Royals	0 2
Stewart Field	0 2

You'd never suspect, reading the final score, that Byrne Chevrolets trailed the Poughkeepsie Trabbassos, 7-0, in the Hudson Valley Basketball League contest at the municipal auditorium.

The final result, happily, had the undefeated Chevrolets out in front and going away 85-59, after flattening the Bridge City basketekers with a 52-point barrage after the recess.

The victory was the third straight for Coach Red Murray's basketekers and kept them in a tie with Pine Plains Bombardiers, who trounced Middletown Royals, 79-63, as Ted Dwyer meshed 37 points.

The stage is set, of course, for the clash of the unbeaten giants on New Year's night at the municipal auditorium.

**Strong Second Half**  
The explosive second half saw the Chevrolets lead by 20-0 at the 2:00 mark of the third quarter.

The Chevrolets made their move here and what followed was sheer devastation. Skip Broadhead, a fine ball hawker and floor man in the first half, connected for a three-pointer. Ronnie Scheffel matched it, then followed Buddy Smith's deuce with a pair of throws to pull the Chevies out of danger, 54-46 at the end of the third period.

After Bill Knott scored on a drive to widen Kingston's lead to 56-46, DuBois took over and dropped the first of five beautiful sets. He hit two in fast succession and at 62-48 everybody in the house relaxed, notably Coach Murray and Fred Davi.

**Go Ahead at 14-13.**  
Kingston rallied from the 7-0 deficit to finally pass the Trabbassos, 14-13 on Smith's layup. Skip Broadhead's deuce closed out the first period, 16-13. The Chevies led 33-29 at halftime. The teams tied at 35-35 and again at 42-42 before the final trend shaped up.

The balanced shooting power of the Chevies was on display as all 10 players used by Coach Murray crashed the scoring column. Knott was runner up to Smith with 15 points, including nine in the tough second quarter when the locals were fighting desperately to hold a slim margin. Scheffel canned 11 and Broadhead finished with 10.

The Poughkeepsie player changes had no noticeable effect on the team's luck, but Carl (Bud) Hermann gave the Chevies the trouble they anticipated. He drilled six fields and made eight of nine free throw tries for 20. George Lee, a metropolitan import, potted 12.

## Rangers Prevent Hockey Runaway

By The Associated Press

The Montreal Canadiens' threat to make a runaway of the National Hockey League pennant race has fizzled, at least temporarily, all because the New York Rangers are on another red-hot streak.

Results of the weekend games in which the Rangers defeated the Canadiens 4-2 Saturday night and then turned back Toronto 5-2 Sunday to run their unbeaten string to six games, left the New Yorkers only four points back of Montreal. The Canadiens defeated Boston 4-1 Sunday for an even break in their weekend games.

The Bruins tied Toronto 3-3 while Detroit whipped the cellar-dwelling Chicago Black Hawks twice in a home-and-home series. The Red Wings won 5-3 Saturday in Chicago and 2-0 on their own ice last night.

## Rote Confident Lions Can Take Browns

## Detroit Earns Title Date by Whipping 49ers

By JACK STEVENSON

San Francisco (AP) — Can Detroit's Lions beat the Cleveland Browns in Sunday's National Football League championship game?

"Sure, why not," asserted Lion quarterback Tobin Rote. He had just engineered a 31-27 comeback victory for his club over the San Francisco 49ers yesterday in their playoff for the Western Conference title.

"The Browns are always rough," said Detroit Coach George Wilson with more caution. Then he added, "We beat them on Dec. 8 (20-7) and we're hoping to do it again." They'll meet in Detroit.

**49ers Fold**  
It was in like lambs and out like lions for Detroit as the 49ers built up a 27-7 lead with 2 minutes and 27 seconds gone in the third quarter only to falter and fail.

San Francisco Quarterback Y. A. Tittle pitched touchdown passes of 34 yards to R. C. Owens, 47 to Hugh McElhenny and 12 to Billy Wilson. Gordy Soltau added three conversions and two field goals, of 25 and 10 yards.

Then, trailing by 20 points, the Lions roared back. Tittle fumbled and Bob Long recovered at the San Francisco 27. With fourth down at the 20, Rote passed complete to Hopalong Cassidy at the 6. Two plays later Tom Tracy boomed over from the one.

**Tracy Scores**  
Less than two minutes later that same Tracy, a 210-reserve fullback playing for the injured John Henry Johnson, raced 59 yards to score and Jim Martin's conversion made it 27-21.

On the last play of the third period, Rote hit end Steve Junker for a 37-yard gain to the 15. Tracy crashed for 10, Rote for 3 and Gene Gedman scored. Martin converted and Detroit led for the first time 28-27.

Later Martin added a 13-yard field goal.

So Detroit on Sunday gets another crack at a traditional foe and the NFL title the Lions held last in 1953. They won the Western Conference title the following year but were beaten by Cleveland.

## Rote Confident Lions Can Take Browns

## Detroit Earns Title Date by Whipping 49ers

By JACK STEVENSON

San Francisco (AP) — Can Detroit's Lions beat the Cleveland Browns in Sunday's National Football League championship game?

"Sure, why not," asserted Lion quarterback Tobin Rote. He had just engineered a 31-27 comeback victory for his club over the San Francisco 49ers yesterday in their playoff for the Western Conference title.

"The Browns are always rough," said Detroit Coach George Wilson with more caution. Then he added, "We beat them on Dec. 8 (20-7) and we're hoping to do it again." They'll meet in Detroit.

**49ers Fold**  
It was in like lambs and out like lions for Detroit as the 49ers built up a 27-7 lead with 2 minutes and 27 seconds gone in the third quarter only to falter and fail.

San Francisco Quarterback Y. A. Tittle pitched touchdown passes of 34 yards to R. C. Owens, 47 to Hugh McElhenny and 12 to Billy Wilson. Gordy Soltau added three conversions and two field goals, of 25 and 10 yards.

Then, trailing by 20 points, the Lions roared back. Tittle fumbled and Bob Long recovered at the San Francisco 27. With fourth down at the 20, Rote passed complete to Hopalong Cassidy at the 6. Two plays later Tom Tracy boomed over from the one.

**Tracy Scores**  
Less than two minutes later that same Tracy, a 210-reserve fullback playing for the injured John Henry Johnson, raced 59 yards to score and Jim Martin's conversion made it 27-21.

On the last play of the third period, Rote hit end Steve Junker for a 37-yard gain to the 15. Tracy crashed for 10, Rote for 3 and Gene Gedman scored. Martin converted and Detroit led for the first time 28-27.

Later Martin added a 13-yard field goal.

So Detroit on Sunday gets another crack at a traditional foe and the NFL title the Lions held last in 1953. They won the Western Conference title the following year but were beaten by Cleveland.

## Dairies Sweep Three From Middie Keglers

Prospect Dairies put a serious crimp in Middletown Merchants' Hudson Valley bowling league pennant hopes by flattening the Middies, 3-0, Saturday night.

Dick Howard's 615 was the only "600" set for Prospects, who piled up 2832 to a meager 2573 for the Merchants.

In other matches, Walden Jewelers, tripped Saccoman's Jewelers, 2-1, while Dutchess Rec scored a surprise 3-0 victory over the Five Merchants on the Bowlerama lanes. The Recs powered a 2988 series, with three men soaring over 600.

Howard's 615 came as the result of lines of 186, 209 and 220. Bert Zimmer's 219-562 paced the Merchants.

**Dick Rhea Raps 667**

Dick Rhea unloaded a 667, with 232, 224 and 211, against the Five Merchants. George Baird cracked 235-226-651 in the leadoff slot and Phil Versace anchored with 204-227-610, as the Recs reeled off 999, 973 and 1016.

Larry Petersen survived the tumult for the Merchants, cracking 650 on 202, 202 and 246.

Phil Battaglia continued his excellent shooting for Saccoman's with 237-601 against Walden. Chick Delmonico's 220-579 paced the Merchants.

## Waters, Nagele Excel

## Boulevard Gulf Upsets Car Wash by 84 to 81

Boulevard Gulf pulled the biggest upset of the young YMCA Winter basketball league by edging heavily favored Minute Car Wash, 84-81, Saturday night in the American Division.

Center Tom Waters and guard Nick Nagele were the heroes of the triumph. Waters collected 32 points and controlled the backboards while Nagele paced a last period spree which locked up the decision.

Car Wash nosed into a 21-19 lead on Mel Williams' basket near the end of the first period. Waters and J. B. Coffey, with seven and six points, kept Gulf close.

**Smith, Miller Hot**  
Bobby Smith and Buck Miller, with eight points each, kept the smaller Car Wash quintet on top at intermission, 45-42.

Nagele started on his spurge, which was to carry him to 19 points, in the third period after Coffey fouled out. He whipped in eight as both teams scored 18 points. Williams' half dozen featured Car Wash's total.

The final period was marked by some great ball-hawking and shooting. Car Wash lost its ace, Smith, because of fouls with 4:36 left which hurt its chances.

**Gulf Gets Lead**  
Nagele finally got the lead for Boulevard on a layup, 74-72, with about three minutes remaining. With 1:36 on the clock, Boulevard had a five-point margin.

Nagele's hook and Waters' brace of free throws were sandwiched between John Burris' long set as Gulf held forth, 82-78, in the waning moments. Dolly Medley sliced the deficit to a basket but Nagele countered with a sleeper bucket with eight seconds to go to ice it. Charlie Marable's foul shot rounded out the scoring.

Coffey dropped in 14 before being forced to the sidelines. Ditto for teammate Jim Massa.

Smith canned 24 for Car Wash's top effort. Williams made 20, Miller 16 and Burris 11.

## Harness Racing Sets New Crowd, Betting Records

COLUMBUS, O.—National interest in harness racing continued to boom in 1957 with new record attendance and pari-mutuel handle figures being registered, the U. S. Trotting Association reported today.

At the same time, the USTA said, the 11 states which permit wagering on the trotters and pacers also raked in an all-time high total as their share of the bonanza.

The USTA said national attendance rose 12.8 per cent, handle 15 per cent and state revenue 12.1 per cent. It was the 14th straight year that increases have been registered in all three categories and the percentage increases all were in excess of those reported a year ago.

National attendance at pari-mutuel tracks climbed from 10,484,133 to 11,821,116; wagering zoomed from \$534,857,847 to \$614,889,293 and state revenue was up from \$38,048,028 to \$42,694,077.

## Fairs Boost Total

The national attendance figure is further bolstered by the inclusion of an estimated 8,000,000 persons who watched racing at county fairs, this boosting the total to almost 20 million.

Attendance was up in eight of the 11 states, with only California (beset by strike troubles), Michigan and Kentucky showing a drop while the handle was up in all states except Michigan and Kentucky. States which showed an increase in all three major categories were Delaware, Illinois, Maine, Maryland, Massachusetts, New Jersey, New York and Ohio.

New York led in overall totals but biggest percentage gains in attendance were registered in Delaware (46.4), Ohio (44.2) and New Jersey (25.3). Biggest wagering gains were reported in Ohio (31.6), Delaware (30.2) and New Jersey (18.8).

## Car Wash Wins Cage Prelim

Five of the six players used by Minute Car Wash scored in double figures to pace an 87-50 win over Poughkeepsie Lincoln Center. The game was a preliminary to the Hudson Valley Basketball League main attraction last night at the municipal auditorium.

Bucky Miller tabbed 22 and Bob Smith and Charlie Williams 20 apiece to lead the parade. John Burris chipped in with 13 and Dolly Medley 12.

Clark topped the losers with 20.

## Famed Grid Pilot Zuppke Dead at 78

CHAMPAIGN, Ill. (AP)—Bob Zuppke of Illinois, one of the most inventive coaches in American football history, is dead.

Affectionately known as "Little Dutchman," Zuppke died yesterday at the age of 78 in Cole Memorial Hospital. The cause of death was prostatic cancer, complicated by high blood pressure and a long-standing heart ailment. He suffered a serious stroke in 1955.

Funeral services will be held in First Presbyterian Church tomorrow. The body will be cremated.

## Failed Rapidly

Zuppke, who retired as Illinois' football coach in 1941 after 29 years of service, was given little hope during the past week when his health began failing rapidly. Honorary pallbearers include Harold (Red) Grange, the "Gallop Ghost" who became Zuppke's most famous pupil; George Halas, owner of the Chicago Bears, who played for Zup Illinois; Ray Eliot, who succeeded Zuppke as Illinois head football coach, and star players and captains of Illinois teams throughout the Zuppke era.

Zuppke was known as the master of the upset and rival coaches feared and respected him. He produced seven Big Ten titles for Illinois and his teams won 131 games, lost 80 and tied 12.

One of his first big upsets was a 14-9 triumph over a great Minnesota team in 1916. In 1924, he surprised Michigan, 39-14, when Grange scored five touchdowns, four in the first quarter. And probably the last to be remembered was the 13-9 victory over Michigan in 1939 when the Wolverines were riding high with Tom Harmon and Forest Evashevski.

## Crisler Comments

Fritz Crisler, Michigan's athletic director who coached the 1939 Wolverines, said Zuppke was "the coach I most dreaded to meet on the playing field. He was inventive and resourceful and you never knew what he was going to do."

Other coaches throughout the country, hearing of Zup's death, joined in calling him one of the great college coaches of all time.

After his retirement, Zuppke turned to farming and his self chosen hobby of painting. For a while he served as an advisory coach to the Chicago Bears but had to give it up because of ill health. His time in the final years was spent between his apartment in Champaign and his summer home in Muskegon, Mich., where his coaching career began on the high school level in 1905.

## Johnson, Sharrer Share MVP Award

LEXINGTON, Ky. (AP)—Minnesota's Ron Johnson and Lloyd Sharrer of West Virginia received an equal number of votes for most valuable player in last weekend's Kentucky Invitational Tournament.

Sharrer and Johnson each received 17 votes from sports writers and broadcasters who balloted for the outstanding individual player and the all-tournament team.

Johnson, who set four new records, was one of two sophomores chosen on the all-tournament team. The other was Jerry West of champion West Virginia. Sharrer was also named, along with Pete Brennan of North Carolina and Vernon Hatton of Kentucky.

Johnson set a new record for the most rebounds in a single game, getting 27 against North Carolina—one more than Lasalle's Tom Gola got against Southern California in 1954. Johnson also set a record with 13 field goals against Kentucky, and another with 29 goal attempts, also against Kentucky.

His goals topped by one the 12 Dayton's Jim Paxson scored in 1955 against Utah and his field attempts were one more than the record shared by three other players.

Johnson's fourth mark was 56 points scored in two games—one more than Kentucky's Cliff Hagan scored in Kentucky's first invitational five years ago.

West Virginia whipped North Carolina 75-64 for the tourney championship Saturday night, ending the Tar Heels' winning streak at 37 games. Kentucky took third in the tourney by virtue of a 78-57 win over Minnesota.

## Adding Machines Needed in NBA

By The Associated Press

It appears that the National Basketball Assn. has opened a niche in the labor market—adding machine operators being an essential part of the league's operation if this weekend's games are a criterion.

There were six games this weekend, two Saturday and four yesterday, with a total of 1,430 points being scored. The Hawks on the list was the St. Louis Hawks' record-breaking 146-136 victory over Syracuse Saturday night. This broke the Boston Celtics' record of 142 points in one game.

## Easy Does It

Sunday, the Hawks took it easy, scoring only 123 in their 123-115 win over Minneapolis. Other games found the New York Knicks beating the Philly Warriors, 126-100, the Boston Celtics winning over the Cincinnati Royals 115-98 and the Syracuse Nats recouping from the Saturday drubbing for a 119-98 win over Detroit.

Boston beat Minneapolis 140-119 in Saturday's other game.

Cincinnati and Detroit were the only teams not to score over 100 points, and they lost. The Hawks' victory Saturday smashed several league records, including total points for a single game. They accumulated 282 in the scoring marathon. The old mark was 265.

## Aggies May Ink Sanders or Leahy

COLLEGE STATION, Tex. (AP)—A new football coach for Texas A&M may be obtained today and best indications are that it will be either Henry (Red) Sanders of UCLA or Frank Leahy, who once led Notre Dame.

Leahy's name entered the picture yesterday when it became known that the former successful coach of the Fighting Irish had visited the A&M campus. Sanders was head last season and is supposed to confer with the UCLA Board of Control on whether he will remain there or pull up stakes and journey to Texas.

It could not be ascertained from college officials whether Leahy was in the picture but the Houston Post said "informed sources told the post that the decision concerning a replacement for Head Coach Paul (Bear) Bryant rests between Sanders, UCLA head coach, and Leahy, former Notre Dame head coach."

Bryant, who had been coach here four years, resigned to go to Alabama. He is winding up his coaching at A&M by taking the trip to the Gator Bowl Saturday.

## Back's Bows, 97-64

## Grimaldi's 35 Points Pace Blacktops Win

Tony Grimaldi's 35 points featured a 97-68 victory for the Kingston Blacktops over Back's Cedaraps in a YMCA Winter inter basketball league contest Saturday.

Hitting on his patented jump shot, the former KHS luminary scored 16 field goals and three free throws to spark the mild upset.

Don Simmons threw in 16, Ron Marks 12 and Frank Fiore 10 for the victors.

Freddy Orr put on a dazzling show for Back's notching 27. Bruce Hinkley added 13 and Ed Schoonmaker and Frank Ebelheiser 10 apiece.

The box score:

## Tibbs vs. Perez Tonight in 10 at St. Nick's Arena

By JACK HAND  
The Associated Press

Tommy Tibbs, a busy young lightweight from Boston, makes his 12th appearance of the year Monday night at St. Nicholas Arena when he takes on Lulu Perez of Brooklyn.

In his last two starts, Tibbs has whipped Frank Ippolito and Harry Bell in New York. Earlier in the season, he defeated Lauro Salas, the former lightweight king. For the year, he has a 9-1-1 record.

Perez, once a high-ranked featherweight, has broken even in seven bouts this year. He beat Julian Felasquez, Bobby Courchesne and Bobby Bell and lost to Harold Gomes, Lauro Salas and Solomon Boysaw. He also fought a draw with Bobby Bell.

The 10-round match will be carried on television (DuMont) in some sections of the country.

**Giardello Bout**  
Joey Giardello continues his drive toward a middleweight title shot—if and when the logjam is ended—by boxing Ralph (Tiger) Jones, the hardy TV perennial from Yonkers, N. Y., on the Friday show at Miami Beach, Fla.

When Carmen Basilio and Sugar Ray Robinson finally decide to fight or not to fight, Giardello hopes to get a championship match. The Philadelphia scrapper is unbeaten in his last 13, and holds 1957 victories over Randy Sandy, Rory Calhoun, Joe Gray, Chico Vejar, Bobby Lane and Will Greaves.

**No. 3 in Rating**  
Jones no longer is ranked among the top 10 in the class but Giardello is No. 3 with the National Boxing Association and No. 4 in Ring Magazine.

The match is part of the usual Friday night network (NBC) radio and television schedule.

Because Wednesday is Christmas night, there will be no Wednesday TV fight this week. The schedule will resume, however, Jan. 1 with Zora Folley and Garvin Sawyer in a heavyweight bout at Washington.

**Queen City Meet To Climax Light Upstate Schedule**

By The Associated Press  
A scattering of tournament games, climaxed by the big Queen City meet in Buffalo Saturday, provide the only action in this week's Yule-becalmed Upstate college basketball schedule.

On Thursday, Union College begins a three-day tournament at Schenectady where it will be host to Hamilton, Siena and Rensselaer Polytechnic. Niagara, defeated Saturday for the first time in six games—69-68 by Lasalle in overtime—will start play in another three-day event, the all-college tournament at Oklahoma City.

Friday sees LeMoyne engaged in St. Vincent's three-day tournament at Latrobe, Pa., and Colgate in the Holy Cross two-day invitation.

If any of the said special assessment shall remain unpaid at the time last mentioned, I shall give a written or printed notice to the person or persons against whom such assessment stands charged requiring them to pay such unpaid assessment to me at my office within thirty days thereafter, with five per centum fees thereon and one dollar for such notice as required by the City Charter.

### County Clerks Are To Pay Postage In Mailing Plates

ALBANY (AP)—The State Motor Vehicle Bureau says county clerks must pay the postage on vehicle license plates they mail to registrants.  
Commissioner Joseph P. Kelly said yesterday in letters to county clerks that he had been informed some of them were asking the purchasers of license plates to pay the postage.  
"This practice is illegal and should be discontinued," Kelly said.  
He said a section of the vehicle and traffic law provided that the commissioner and his agents shall, after an application is filed for plates, issue and deliver them within the state "without expense to the applicant."

### Tillson Boy Scout Party

TILLSON — Twenty members of Troop 17, Tillson Boy Scouts, attended a Christmas party Dec. 19 at the Tillson School. Following a short meeting, the Scouts played games and contests. Refreshments were served by Mrs. Edward Modjeska and Mrs. James Guerrieri of the troop auxiliary.  
Robert Tremper, district commissioner, Rip Van Winkle Council was also present. The program was under the direction of Scoutmaster Raymond Boyle, BMI, USN, and his assistants, Edwin Parker and Walter Godfrey.

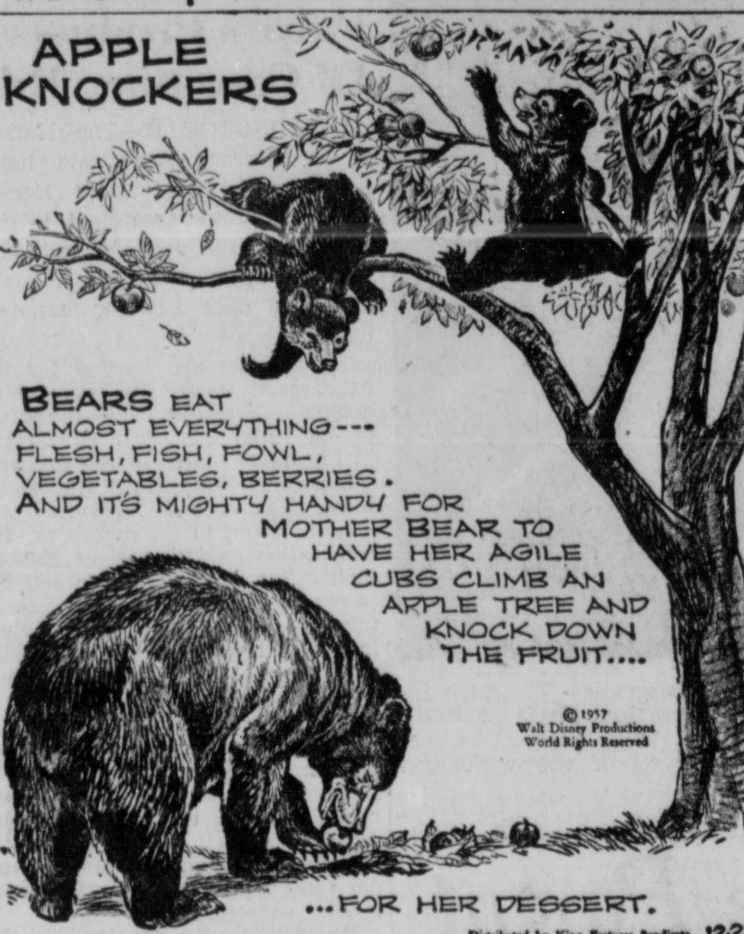

**Auxiliary Dinner**  
Over 150 persons attended the annual Christmas party and dinner sponsored by the Ladies Auxiliary of Tillson Volunteer Fire Company held Saturday.  
Following a roast beef dinner served by members of the auxiliary under the chairmanship of Mrs. N. S. Phillips, square and round dancing was held. Music was furnished by George Clapper, who instructed the youngsters in square dance routines. Children were presented gifts from the fire company and auxiliary.

### Police Have Leads In Slaying of Baby

SENECA FALLS (AP)—Police say they have "a couple of good leads" in the slaying of a newborn boy whose body was found under a pile of dead flowers in a cemetery yesterday.  
Seneca County Coroner Howard Miller said the baby "definitely was murdered," apparently four to six weeks ago. He ordered an autopsy.  
The unclothed body was found near a shed in Springbrook cemetery by a hunter. Police declined to identify him.  
Dr. Willard Hastings of Canandaigua examined the body and said it had been hit several times on the skull. Police said no instrument was found.  
Sheriff G. Kenneth Wayne investigated. He did not elaborate on the "good leads" he said he had.

**Ham Performance**  
ROANOKE, Va. (AP)—It was a bad show all around for two young men who broke into a supermarket and swiped a ham. Police caught them after a chase. And the ham was only a wooden facsimile for display.

### Bandits Get \$5,000 Tomik Tells Police

BINGHAMTON (AP)—John A. Tomik, who recently recovered \$6,500 he had lost in a street last October, says he was robbed of approximately \$5,000 Saturday night by two masked men, one armed with a revolver.  
Tomik, a 45-year-old bachelor, said the men forced their way into his home in suburban Westover as he and his brother-in-law, Paul Jurkovich, 73, were watching television.  
Tomik told police the men knocked him down, beat him and demanded his money. He said he told them it was in a bank.  
The men then searched him and found most of the \$5,000 in a cellophane bag and he was carrying. Tomik said. Then they bound Tomik and Jurkovich with adhesive tape, ransacked the house and found the remainder of the money hidden in a cabinet in a bedroom, he said.  
Tomik, a shoe worker, lost his life savings in a street near his home last October. A 14-year-old boy found the money and turned it over to police. Tomik regained the money Dec. 3, gave the boy \$100 and used some of the funds to pay bills.  
Tomik had said he did not trust banks.

### Ave Claims Dulles Fails in Briefing

NEW YORK (AP)—Gov. Harriman says Secretary of State Dulles failed to brief President Eisenhower fully for last week's North Atlantic Treaty Organization conference in Paris.  
Harriman, speaking yesterday on a television program (WABC, College Press Conference), praised the President's "courage and ability in pulling the NATO conference together," but said Eisenhower was hampered by lack of preparation on the question of military defense.  
"The ground should have been prepared," the Democratic governor said, "and I think Mr. Dulles has to take full blame for not having prepared the ground-work."

### Nurse Becomes 1st Negro Stewardess

NEW YORK (AP)—Miss Ruth Taylor, 25-year-old registered nurse, has become the nation's first Negro airline stewardess.  
Charles Abrams, chairman of the State Commission Against Discrimination, said yesterday Miss Taylor was hired by Mohawk Airlines, which operates only in northern states. She will report for work Jan. 13.  
A native of Boston, Miss Taylor was graduated from Trumbull High School, N. Y., Central High School, and Bellevue School of Nursing here.  
She had filed a complaint with the SCAD after applying to Trans World Airlines for a job as stewardess and being told she could not be hired because of "intangible factors that have to be considered."
